CHICAGO YOUTHS PLEAD GUILTY TO MURDER

COLLISION FATAL TO 3 CITIZENS AT PT. ARTHUR TEXAS

PORT ARTHUR, July 21.—Two persons were instantly killed and a third died late Sunday night from injuries received when a southbound Kansas City Southern passenger train and an automobile collided at a road crossing. Four others in the same car are in a dangerous condition.

Big Five To Hold Plenary Meet Tuesday

By LLOYD ALLEN
(United Press Staf Correspondent)

LONDON, July 21—The committees of experts of the allied conference carried out intensive discussions over the week-end making progress which virtually assures a plenary session by Tuesday.

It now is expected that the German delegates will arrive late this week, although no invitation had been sent up to noon today.

Ambassador Kellog, who is American representative in the conference attended the meeting of delegation heads at No. 10 Downing street at 10:30 a. m. today, on the invitation of Prime Minister MacDonald. It is understood the leaders discussed important points ofthe decisions reached by the committees in their week-end meetings.

This morning's conference in Downing street was attended by the "big five" of the gathering—Prime Minister MacDonald, Ambassador Kellog, Premier Herriot of France, Premier Theunis of eBlgium and Minister De Stefani of Italy. When the meeting broke up shortly after noon it was understood the leaders had decided to hold a plenary session Tuesday in event the second committee of the general conferences completes its report by that time.

Germany Optimistic Over Allied Confer'nce

BERLIN, July 21.—London and Paris reports that the allied conference in the British capital is nearing the conclusion of satisfactory agreement aroused considerable optimism here today. News that Germany probably will be invited to send delegates to the conference that week was especially welcome.

The Nationalist press declares any invitation to Germany to participate in the conference will mean nothing more than that the German delegates will be told to sign on the dotted line but the Socialists are hopeful. The Government, it is learned, is prepared to send Foreign Minister Stresemann to London as head of a German delegation just as soon as an invitation arrives.

Forward March Of Brazilians Not Yet Reality

By BRYANT POWERS
(United Press Staff Correspondent)

BUENOS AIRES, July 21.—Developments in the Brazilian revolutionary situation over the week-end, were not reassuring, according to reports reaching the Uruguayan border today and the rebels still are in control of the major portions of the State of Sao Paulo.

The general advance of the Federal forces, scheduled to take place Saturday, apparently was not attempted.

Three fires occurred in Sao Paulo City the night of July 8, according to travelers reaching Montevideo from Santos. The building of the Standard Oil Company was damaged and two other buildings partly destroyed.

Federal forces claim to have shot down one of the rebel airplanes in skirmishing Saturday, according to a communique given out by the Brazilian Embassy here.

"Weather conditions in Sao Paulo have improved," the communique said, "allowing reconnoitering movements prevented previously by the heavy clouds. Government troops continue their movement preparatory to the manouver which they are about to undertake."

A number of travelers who left Sao Paulo, July 12, reached Montevideo from Santos last night. They said discipline in the rebel ranks was excellent and that a formidable military organization had been built up around the State army. The rebel troops seemed well supplied with ammunition and had taken control of several factories which were turning out additional equipment.

Guards were posted over banks and business houses. There was a severe food shortage in Sao Paulo City and price regulation had been started. The rebels also had requisitioned considerable food supplies from the interior, beans, cattle, rice and milk.

General Isidore Lopez, the rebel commander, has decreed complete freedom for the Sao Paul press and holds daily conferences for newspaper men. Newspapers in Sao Paulo are printing as usual but are restricted in size owing to a shortage of paper.

According to rebel sources, the travelers said, 60 were killed in the street fighting which preceded expulsion of Federal forces from Sao Paulo City.

The Sao Paulo rebels have collected a war fund of 62,000 contos of reis (more than $6,000,000) according to other advices.

Spread of the revolt to the big towns of the interior of Sao Paulo State was confirmed by yesterday's official communique received here from Rio de Janeiro. The communique said a lieutenant and five petty officers were captured yesterday at Ribió Preto, an important town to the west of Sao Paulo City.

"Our troops under command of General Polyguara took up more advanced positions Saturday afternoon," the communique said.

Mr. and Mrs. A. A. Hampton have returned from their vacation which carried them to points in North Texas.

UNITED STATES ASKS STATEM'T FROM PERSIAN GOV'T

WASHINGTON, July 21.—The United States has asked the Persian government for a "precise statement" in regard to the responsibility for the killing of Robert Imbrie, American vice consul, by a mob at Teheran.

Philadelphia Clean-up Officers Can't Agree

PHILADELPHIA, Pa., July 21.—A show down on whether Smedley D. Butler will be "fired" from the Cabinet of Mayor Kendrick as director of public safety for Philadelphia is expected today. The brigadier general of the Marine Corps, "loaned" to Philadelphia by President Coolidge for one year, so the fighting Quaker could clean up vice, crime and liquor here, will confer with Kendrick today as to his status. The two officials are no longer of one mind as to police procedure. As a result, Butler, it is understood, will not be retained after his leave expires on Jan. 5, 1925, and he may even be asked to resign his post at once.

Politicians, it is said, have brought pressure to bear on Kendrick in an attempt to get the Mayor to dispense with the services of the marine genreal police chief.

Butler is accused of being "out of harmony" with the administration and with political leaders. This accusation came when the director began redistricting police stations, to kill political control of the police department.

With the sword of dismissal hanging over his head, Butler continues his work of redistricting police stations. He refused to comment on the situation. He smilingly said he had "another employer who is waiting for me if I am not wanted here."

Houston Woman Held For Killing Husband

HOUSTON, Texas, July 21.—Mrs. Susie Cook, 38, is being held in jail here charged with murdering her husband, George Cook, prominent Houston contractor. Mrs. Cook denies the charge and declares that burglars shot her husband. Justice Campbell Overstreet, after questioning Mrs. Cook for three hours at the scene of shooting, withheld his verdict and admitted that the crime is the most baffling in his experience. A preliminary hearing is set for Tuesday morning at 9 o'clock.

John H. Gafford of the J. R. Corley Furniture Company is spending the week on a vacation trip which has carried him to popular fishing and hunting resorts of Texas.

SEEK FIEND WHO MURDERED LAD.

The entire police force of the City of New York is engaged in an intensive search for the fiend who mistreated and strangled little Francis, the eight-year-old son of Policeman and Mrs. Arthur MacDonnell, and buried the body in a lonely grove on Staten Island. The mourning parents are shown with their two remaining children.

SEEK TO PADLOCK $10,000,000 HOTEL.

Because of alleged liquor violations, Federal Prohibition Enforcement Agents will seek to place a padlock for one year, under the terms of the Volstead Act, on the $10,000,000 Hotel Ritz Carlton, in New York City, one of the most expensive and exclusive hotels in the world.

De La Huerta Brands Obregon And Calles As "Villainous" Liars

HOUSTON, Texas, July 21.—A new story of the death of Felipe Carrillo Puerto, hero or villain Governor of Yucatan, who was backed up to a blank wall and shot last winter, has just come to light here.

The story is contained in a letter written by Adolfo de la Huerta, former Minister of Finance of Mexico and leader of the recent revolution which terminated so disastrously for him.

In addition to a bitter attack on President Obregon of Mexico, and General Calles, at present a candidate for that office, the letter declares that a statement issued by Calles just before the presidential election in Mexico two weeks ago, charging de la Huerta with responsibility for Carrillo Puerta's death, is a "villainous lie," and that Obregon and Calles are responsible for the recent revolution.

New Country Club Named Hollywood

DALLAS, July 21.—A new country club to be known as the Hollywood Country Club is being planned by a group of local men. The club will afford facilities for fishing, hunting, bathing, golfing and other outdoor sports. it is stated. The club is to be located two miles off the Athens-Palestine highway, five miles south of Athens. The club property, as planned, will consist of more than 1500 acres of land bordering four lakes in one of the most beautiful parts of the state. Approximately 800 acres of land will be under water.

JUDGE BLACKMON THANKS FRIENDS FOR THEIR AID

Judge A. M. Blackmon was here from Groesbeck Saturday afternoon. He spoke gratefully of his friends who participated in the Blackmon parade Saturday in his interests. Quite a number of cars loaded with his supporters toured several Freestone county points and carried on the campaign in his behalf. Since much of his time is spent in the court room, he states that he is very grateful to all who assist him in the campaign.

Large crowds gathered at the First Presbyterian church and the First Christian church Sunday night when the union services were held. The Methodists, two Presbyterian churches and the Christian church have decdied on union service every night, the services being held in two of the churches one week and in the other two the next week.

New York Cotton Advances Following Report by Bureau

WASHINGTON, July 21.—The condition of the cotton crop on July 16 was 68.5 per cent compared with 67 two years ago. This indicates a crop, according tto government figures, of 11,934,000 bales. New York futures immediately advanced $8 to $10 per bale. October 200 points higher a few minutes after the report was published.

Pedigree Not Good At Modern Banks

EL PASO, July 21.—A "highbrow" New England youth entered a bank here and showed the cashier a letter of introduction from a staid old New England bank asking that the youth be allowed to start a $10,000 checking account. The letter was filled with praise of the young man's family lineage, etc., but nowhere did it state whether the youth was "good" for the amount. So the local banker wrote back to the New England bank and briefly stated that what was wanted was not a pedigree but a financial statement.

BAPTISTS ADD FIVE TO MEMBERSHIP HERE

The Baptists church added five to its membership at the services Sunday morning. Two were received by letter and three by profession of faith. They were Mrs. L. V. Ross and Le Roy Ross of 407 Kaufman street and Floyd Blue, 146 East Liberty, Marvin Lester, 404 East Hopkins and Mrs. Mary Ayers of 306 Milam Street.

HARVESTING WHEAT

AMARILLO, July 1.—Two acres of wheat a day is the accomplishment of a combine owned by Hershel Cliner, a farmer near Vega. The big machine cuts a swath 36 feet wide.

Recently Cliner cut and threshed 7000 bushels of wheat in three days, which is believed to be a record for this district.

The women voters of the community are becoming very much interested in the elections this year. The primaries in Mexia next Saturday will no doubt show the biggest vote yet polled here. The ladies are very much in favor of securing the very best men to serve the county, efficiently, honestly and economically.

W. B. Kendrick has accepted a challenge from Hardy Eubanks to play off a tie between Mr. Kendrick and Allen Hatch. The bitter contest is expected to continue three days at the Mexia County Club, golf being the game that has aroused the rivalry.

Surprise Is Sprung On Prosecution When Both Admit "Guilty"

CHICAGO, July 1.—Clarence Darrow, chief defense counsel for the millionaire Loeb and Leopold families, today sprung a surprise when the trial opened in the criminal court here before John R. Caverly, by entering a plea of guilty for the youthful confessed slayers of 14 year old Robert Franks.

Young Leopold himself was called to the bench and himself pleaded guilty, Loeb following him.

"Is it your understanding that if you plead guilty to murder the court may sentence you to death or the penitentiary for the period of your natural life, or for a period of not less than fourteen years?" Judge Caverly asked.

"I understand," Loeb answered, his lips quivering, his eyes dropping to the floor.

"With this understanding do you still wish to plead guilty," the judge asked.

"I do," both boys replied.

Darrow advised the court that before the boys are sentenced he wishes to present evidence to the court.

Sentencing the young college murderers will probably be delayed for several days.

The prosecution was taken completely by surprise but did not contest the action.

Both sides announced that they would be ready for the presentation of evidence July 3rd.

By pleading guilty Leopold and Loeb have made it impossible for a defense of "insanity" to be argued, Judge Caverly explained to the United Press. Caverly intimated, however, that the defense could show a degree of moral responsibility which might and might not affect the sentence of the court.

Although slightly heavier than when they entered the prison seven weeks ago, the youths were materially pale from confinement.

Leopold gazed into space without apparenlty seeing anyone. His aged father, millionaire president of a box company, sat silently in the court room, tears trickling down from his rough face.

Loeb, somewhat taller and more erect, faced the court with more composure. The only trace of nervousness on his part was a slight shuffling of his feet. Loeb's father, millionaire vice president of Sears, Roebuck Company, was not present. He is said to be seriously ill and resting at his summer home. The boy's older brother, Allen, was in court.

FIVE CHILDREN DIE IN FIRE IN HOME ON FARM

MERCER, Pa., July 21.—Five children were burned to death in a farm house near here while their mother looked on. The dead range in age from 9 months to 9 years, and were the children of Mr. and Mrs. Red Hedgelin. The bodies were huddled in a corner when they were taken from the ruins.

Mean Trick Even If Played On A Dog

DALLAS, July 21.—Some jokesters played a mean trick on a sedate old country dog who was following his master up one of the downtown streets here.

In front of a fur store, stands a life-size bear, erect on a rolling plat form. As the man and his dog passed the store, the joker got behind the bear, let out a roar and gave the stuffed grizzly a shove.

The dog torn between duty to his master and fear gave out one frightened howl and "lit out" down an alley. He didn't stop until he jumped over an excavation for a new building. He landed at the bottom, stunned but unhurt.

The dog's master who had followed him, picked him up and carried him out of the danger zone.

A Barber Shop And Not a "Bobber" Shop

EL PASO, July 21.—Taking the bit in his teeth, O. L. Ehlers, barber, has notified women that he doesn't want their patronage. He placed a sign over his shop "No Ladies Hair Bobbing in This Shop."

As Ehlers explains it, women have no business in barber shops which have been and always should be man's tonsorial haven. The women, he declares, should patronize beauty parlors. And besides, women are hard customers to please. They fidget and squirm around in the chair and make a nervous wreck out of the poor barber, Ehlers claims. They balk, too, when it comes to waiting their turn.

The women sneer, politely, as they pass Ehler's sign, but the men come in with a glad smile, he says.

LOOKING FOR MURDERER OF DETECTIVE CONRAD

KANSAS CITY, Mo., July 21.—The underworld was combed today for the murderers of Paul Conrad, former member of the detective force, who died after being found unconscious with his throat cut. Conrad had made many enemies in the underworld as a result of his detective work and police believe his slaying may have been an act of revenge.

ANOTHER WORLD FLYER

AMSTERDAM, July 21.—Plans of Major Zanni, Argentine aviator for his attempted flight around the world have been completed and the flyer probably will take off from this city within the next few days.

SOMETHING BESIDES OIL

BRECKENRIDGE, July 21.—All of Stephens county's wealth doesn't come from oil. Tax lists show more than $200,000 invested in cattle in this country.

A Natural Outcome Of The Fast Life

FORT WORTH.—What would you do if your 15 year old son forged checks and refused to obey your warning? Would you turn him over to the police?

That's what Mrs. E. P. Freeman of Fort Worth did in the case of her son James. The trouble began, according to the heart-broken mother, when her boy began going with a girl who demanded more gifts than "Jimmy" could buy. So, according to his mother, he started forging checks. Finally after efforts of his parents to make him reform, failed, his mother had him arrested.

"I did what I thought best for my boy," Mrs. Freeman explained.

MACHEN TO SPEAK IN MEXIA WEDNESDAY NIGHT

Chester H. Machen left this morning for Fairfield where he will perform his duties as District Attorney of the 87th district court this week. He was at court all last week and states that this made it impossible for him to see many of the voters personally in the interest of his race for District Judge. Nine criminal cases were tried and all convicted last week in the Fairfield court. This week he will be busy in the day time in court and at night will make political addresses in behalf of his candidacy. He will speak in Mexia Wednesday night, according to arrangements made by friends of this section.

CORRECTING A MISTAKE

PORT ARTHUR, July 21.—Detective J. Shephard sat in a court room here as a witness in an accident case.

Marvin Scurlock, county attorney, started reading the list of witnesses Shephard's name led the list.

"Your honor," said Scurlock, "the witness is dead."

"I beg your pardon, but I'm not dead," piped up Shephard from the rear of the courtroom.

"My mistake," said Scurlock when he had recovered from the surprise.

Records Given Of Proceedings In County Court

According to the records of the County Clerk, the order of the Limestone Commissioners Court authorizing an injunction against W. A. Robbins, Tax Collector, appears in Vol. 1, page 344, Commissioner's Court Minutes of Limestone County, Texas. The report shows that those present and voting "Yes" were Leach, Andrews and Dulaney. Commissioner Kennedy was absent at this session, according to his own statement and the statement of the records.

The order reads as follows:

Ordered by the Commissioners Court that the county attorney of Limestone County, or the District Attorney of the 77th Judicial District or District Attorney of the 87th Judicial District, if the County Attorney cannot act or perform his duties that the above and foregoing officers shall file in behalf of the Commissioners Court of Limestone County a suit in the district court for the 77th Judicial district, in said suit asking for a writ of injunction restraining the Honorable W. A. Robbins, Tax Colector, of said county from making returns or report whereby conveying the funds received to this department as registration fees on all motor vehicles in Limestone County, to the State of Texas, to State Treasurer, the Comptroller's Department, or the State Highway Commission, and it is hereby understood that the county shall not pay any additional fees to any other attorney or attorneys used in said suit unless the Commissioners Court shall see fit hereafter to do so. And it is ordered by the Commissioners Court that said suit be filed suing out said writ of injunction immediately."

The same records also show that

"At a call session of the Commissioner's Court of Limestone County, Texas, January 3rd, A. D. 1924, where as that a call session of this Court called on the 21st day of December A. D. 1923, for the purpose of determining whether or not a certain suit should be brought by Limestone County, Texas, to enjoin the payment of the money received for registration of Motor vehicles into the State Treasury of the State of Texas and to test Constitutionality of said law this court made and entered into its minutes its order requiring and requesting the County Attorney of Limestone County, Texas, and the District Attorneys for the 77th and 87th Judicial Districts of Texas, to bring a suit restraining the tax collector and county treasurer of Limestone County from paying said funds to State Authorities and,

Whereas, it is deemed advantageous and expedient to amend said order and make the more complete, it is therefore offered by the Commissioner's Court of Limestone County, Texas, at its special session held this the 3rd day of January 1924 and which was called for the purpose of amending said order last named that the County Attorney for Limestone County, Texas, together with either or both of the District Attorneys, above named, if they desire, to join in said suit be and hereby are authorized and directed and empowered to bring a suit against the Tax Collector of Limestone County, Texas, against State Highway Commission of Texas and State Highway Engineer of Texas for the purpose of testing the Constitutionality of H. B. No. 361 passed by the 38th legislature of Texas at the Regular session and enjoining said collector and treasurer from paying any part of the moneys received from the registration of Motor vehicles in said county to the state treasurer until the rights of all parties hereto have been determined and ascertained and enjoining State Highway Commission and the State Highway Engineer from assuming control of any part of the highways in Limestone County, Texas, to the exclusion of inheritance power vetsted in the Commissioner's Court of said county to manage and maintain the same and directing the County Judge and County Clerk of said County to execute an injunction bond for said County and for and on behalf of said county in said suit and authorzing the County Attorney of Limestone County, Texas, to act as the agent of said county and do and perform any and all acts for and on behalf of said county reasonably necessary and incident to the successful prosecution of said suit.

Limestone County, Texas.

Special term, January 3rd, A. D. 1924.

On this the 3rd day of January A. D. 1924, at a special term of the Commissioner's Court of Limestone County, Texas, upon motion of Ed Andrews, Commissioner of Precinct No. 3 of Limestone County, seconded by E. R. Leach, Commissioner of Precinct No. 1, of said County and State the following order was made:

The District Attorney James Kimbell of Limestone County and the 77th Judicial District of Texas and the County Attorney of said county, the Hon. Scott Reed and the law firm of Kennedy and Lyles of Groesbeck Texas, be and hereby are employed to represent the county of Limestone in a certain suit brought by said county now pending in the 77th District court of Texas and styled Limestone County vs. The State Highway Commission et al and the sum of fifteen hundred dollars is hereby appropriated out of the general fund of said county to pay the expenses necessary to the prosecution of said suit, and the auditor of said county is hereby directed to pay to said attorneys the sum of $750 from said fund immediately and to pay the remainder thereof when ordered so to do by this court and from time to time to pay expenses as are necessarily incident to the prosecution of said suit, subject to the approval of this court." Present and voting for this order, Andrews, Kennedy and Leach, voting against this order Dulaney.

The above statement of the history of the action leading to the injunction suit, as submitted to The News, bears the official seal of the County Clerk's office and is signed by Anna Burney, deputy, on July 21, 1924, in which it is stated that the above is a true copy of the Order of Commissioners Court, appointing attorneys to represent the county in the said suit.

Here's How It Happened

The Inside Story of the National Democratic Convention.

By A. GARLAND ADAIR
Managing Editor of The Mexia Daily News

NUMBER NINE
THE RELIGIOUS ISSUE

Mr. Bryan concluded his address in defense of the majority platform report, as follows:

Mr. Bryan. "And now I want to tell you my last and strongest objection, and let the galleries scoff if they dare: I say, I am not willing to divide the Christian church when we ought to stand together to fight the battles of religion in this land. (Applause.)

The democratic party has done more for me than for any other living man, and, my friends, I am grateful. I cannot express my gratitude. I can paraphrase the words that are familiar when I express my sentiments:

"Partisans spare that party, touch not a single bough;

In youth it sheltered me and I will protect it now" (Loud cheers and applause.)

But, my friends, much as I owe to my party, I owe more to the Christian religion. If my party has given me the foundations of my politicnl faith, my Bible has given me the foundations of a faith that has enabled me to stand for the right without stopping to count how many stood to take their share with me. (Cheers and applause.)

My father taught me that I could afford to be in a minority, but that I could not afford to be in the wrong on any subject. He believed in the Bible and in God, and he believed that God stood back of every righteous cause with an arm strong enough to bring victory to his side; and that has been my faith. And, my friends, I believe religion is of more importance than politics and I believe the world now needs, not so much to get into a fight between denominations as it does to get back to God and sense of responsibility to God. (Applause and tears).

Burglars stole $65,000,000 in a year and pickpockets stole nearly as much, and bank robbers and bandits took large sums; but the swindlers took $2,000,000,000, ten times as much as all the people in the penitentiary took. Isn't it worth while, my friends, to unite the Christian church in behalf of the ten commandments and the Sermon on the Mount, instead of dividing them into warring factions. (Applause.)

The world is coming out of war, the bloodiest ever known. Thirty million of human lives were lost; $300,000,000,000 of property was destroyed, and the debts of the world are more than six times as great as they were when the first gun was fired. My friends, how are you going to stop war? Oh, they say, commerce will do it, but commerce reached its highest peak just before the war. They said that education would do it, but education reached its highest peak just before the world war. Some say science will do it, but science did not do it, for science had reached its highest point just before the war began. Yes, my friends, science instead of preventing war, mixed the poisonous gases and made the liquid fire. It was science that made war so hellish that civilization was about to commit suicide. Science cannot do it. There is only one thing that can bring peace to the world, and that is the Prince of Peace. (Applause.) That is my friends, the One Who, when He came upon the earth, the angels said, "On Earth, Peace, Good Will toward Men."

My friends, Jew and Gentile, Catholic and Protestant, stand for God, on whom all religion rests, and Protestants and Catholics stand for the Prince of Peace. It is possible that now, when Jesus is more needed, I say the hope of the world, is it possible at this time, in this great land, we are to have a religious discussion and a religious warfare?

Are you going, my friends, to start a blaze that may cost you innumerable lives, sacrificed on the altar of religious liberty?

I cannot believe it; I call you back in the name of our party, I call you back in the name of our God, I call you back in the name of the Son of God and Savior of the world. Christians, stop fighting, and let us get together and save the world from the materialism that robs life of spiritual values. (Great applause.)

THE LIMESTONE COUNTY RING

"Happiness is service and clean living and clear thinking and self forgetfulness and self respect." That's what many men and women would say that service means and it is a definition that may be applied to citizens and office holder alike.

This is the week set apart to choose men and women for public service in public office. There have been many matters of record in the county court house unearthed in the course of the campaign this political season which have won and merited the disapproval of the citizenship of the county. Hardly a person has read or heard of some of the painful facts without some sort of exclamation of surprise, displeasure and deepest regret. The blame, the people have agreed does not center probably upon any one public official but hits several public officials and some outsiders. These are commonly referred to as "the ring." Doheny has his ring. New York has its ring called "Tammany," El Paso once had a ring called "Kelley." Cities and counties all over the state and nation have their rings and now it is freely stated that Limestone county has a ring. This ring has been charged with being the seat of most all the trouble in Limestone County. Members of the so-called ring are to be seen coming from Groesbeck to Mexia every day. Sometimes the men credited with being the ring hold meetings here. They loudly denounce the Klan and are one themselves and they are getting as busy as a bird feathering its nest this the last week of the primaries.

Self so often usurps the throne of public service in public office and in private action. As a consequence, unhappiness comes like a thief in the night to a home, leaving his finger prints on things sacred and causing the inmates to quake with fear.

All public servants will become better officials when they realize fully and firmly that performance is the greatest accomplishment in the world and Americans should understand that service has the greatest results and the greatest rewards.

The late President Harding said: "Our country is a wonderful land with its unlimited possibilities, its diversified industries, and there is for each of us more to do than simply continue to live; we must study and work not for ourselves alone but for others as well, having in mind the progress of our country, and the peace, prosperity and happiness of all mankind."

"Service to self and country is doing something to elevate our fellows and make the world better for the part we have performed."

How many of our public officials who are seeking re-election know full well that they have given their countrymen the very best in them and have left the community better because of their acts in office?

Let them search their hearts. Let them go to the records of their own conscience which none but God can review with them, and let all who may be passed on favorably at the polls next Saturday determine that as far as they are concerned, their service hereafter will be of such a high order that the finger of rebuke and shame may not be pointed at them when the record is made or when it is published.

Ill fares the state, to hastening ills a prey where palatial court houses are built and our roads and schools decay.

Nowadays you don't know whether to call a parlor a court room or an ordinary mushroom.—Punxsutawney Spirit.

Mrs. G. A. Walters and her son Ab Jr. and little daughter Bess left Sunday for California for an extended trip. Mrs. Walters and Bess will probably be gone about six weeks and Ab, Jr. plans to make his home there.

R. Q. Adamson, wife and little son, Roger Mack, and Roy Dodson of Mexia, and Miss Rosa Kate Barry of Wortham, left early Monday morning overland for Arden, Ark., to visit Mrs. Adamson's brother, Joe Barry, for a few weeks.

Mr. and Mrs. Jos. A. Joansen have returned from Abilene where they have been on a ten day visit with Lilo Munger. Mr. Joansen reports conditions good in that part of the country. While he was there he made a trip with Mr. Munger looking over his ranches.

WATCHING THE SCOREBOARD

Yesterday's hero—Wallie Pipp, Yankee first-sacker who made five hits and drove in five runs in helping the champions progress toward another pennant, New York winning both games of a double-header with Cleveland, 4 to 1 and 10 to 4.

The Reds beat the Giants, 5 to 2, Eppa Rixey halting a ninth inning rally after Benton had been driven from the mound.

The Senators came from behind in late innings to beat St. Louis, 5 to 4, in a game which saw Walter Johnson driven from the mound in the eighth inning.

Adams' hitting, his steal of home and the two homers by Hartnett helped the Cubs to win from the Braves, 7 to 4.

St. Louis won their seventh straight game in taking the first part of a double-header from Philadelphia, 7 to 4, but the Phils stoped their rush by winning the second, 3 to 2.

The Question Of The Universe

This Bible—this miraculous Bible—this Book of All Books---luminous with the light that dwell-eth not on land or sea—this noblest and most be autiful Thing in all the world—what is it---whence cometh it—what means it?

WHAT HAS IT DONE?

It has made and unmade Nations. It has uprooted Kingdoms and Empires. It has diverted the mighty tides of History. It has crumpled ancient Faiths and Superstitions. Because of it fell Pagan Rome. The antique Systems of India and the Far East have bowed their heads to its enlightened sway.

China and the Orient now first awaken from their sleep of thrice a thousand years, and follow their sister nations of the Occident—whose feet are guided by one sole lamp — the sacred flame of which was kindled by the inspired Hebrew Prophets, and fed for all time by the Lord and Master of the Golden Rule.

Only ignorance scoffs at the Bible! The greatest rulers—the greatest statesmen—the greatest scholars — writers — orators — scientists—soldiers—and the untold milions of the Common People, whose collective genius outweighs them all—have thrilled to its Divine Wisdom.

Its lyrics of unfathomable tenderness—its orations of compelling potency—its contemplative prose of preternatural grandeur—have never been equalled. Its emotional depths and its intellectual heights make it the one and only Book of Books, vouchsafed for the guidance of mankind throughout the ages.

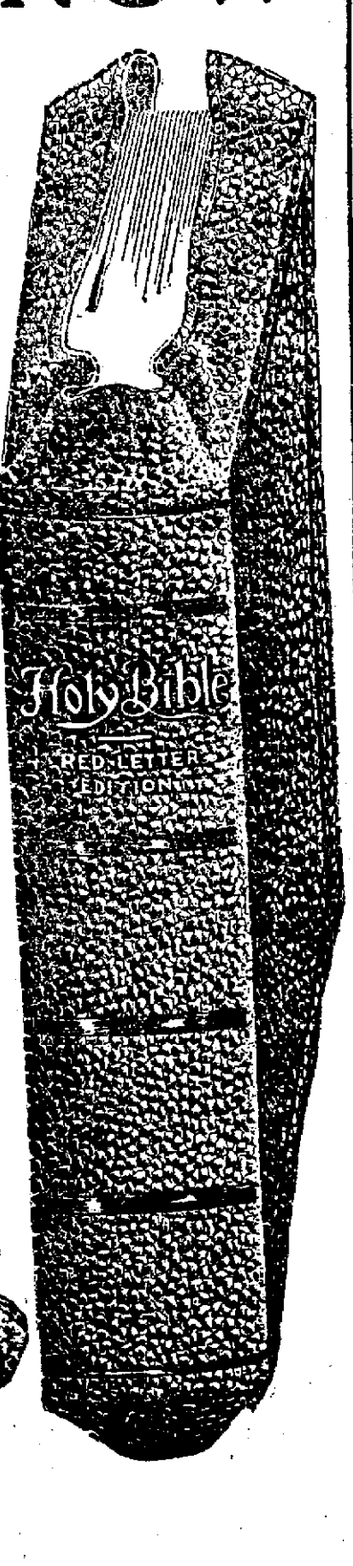
BIBLE DISTRIBUTION

Following the most distressing period of unrest the world has ever known, comes a world-wide revival of Bible reading, which must tend to ameliorate the unrestful conditions of mankind. To encourage such an end, leading newspapers througout this country have joined forces to promote the distribution of the great Book of Books, and have adopted a plan that should readily place the Bible in the hands of every reader. Two exclusive editions have been chosen for this purpose—first, the famous large print Red Letter Bible, illustrated herein, and a beautiful plain print, medium large type edition that will be distributed for a nominal sum by the News Publishing Co.



EVERY READER MAY HAVE THIS BIBLE

by taking advantage of the plan explained below and set forth in the Bible Coupon printed daily on another page of this newspaper.

"For Mexia, I WILL"

COUNTY CHAIRMAN E. A. ALLEN.

On the ballot to be voted on in Limestone County next Saturday is the name of E. A. Allen of Groesbeck who has consented to run for reelection. This is an important place. Mr. Allen has served the Democratic party of Limestone County in a notably fair and square and intelligent way. He is always to be found on the right side of every political question involving a moral issue and is fully in accord with the principles of dry progressive democracy. There are doubtless many others like him who would serve the section with honor to the county and with credit to themselves, but since he is offering for reelection, why turn him down? No improvement could be made through a change. The Democracy of the section will do well to keep him in harness and allow him to pull with all of his great force of character and ability during the critical days of the future.

TEXTILE MOVEMENT IN MEXIA.

The beginning of the textile industry will open the way for expansion throughout the section unequaled by any single event.

The Waco Times-Herald has this to say:

Greenville, S. C., in less than 20 years has won recognition as the textile center of the South. A single mill has grown there from 11,000 spindles to 230,000 spindles. This mill has a greater spindleage by 65,000 than is contained in the whole state of Texas. And during the time the mills have increased their spindleage, Greenville has trebled its population. It is interesting to know that the Greenville mills consumed $11,500,000 worth of cotton last year and that the value of manufactured products for that year is estimated at $29,000,000, or practically three and one half times the value of the raw cotton.

Freestone County has an annual County Fair. Hill County has an annual County Fair. Navarro County has an annual County Fair. These and scores of other counties of the State testify to the value of such expositions as institutions for the development of the farm interests of a community. When will Limestone County take the hint?

E. E. L. Class Holds Business Session On Friday Night

The T. E. L. Class of the First Baptist church met in its regular business and social meeting Friday evening. Plans were perfected for entertaining the unenlisted children of the town and new officers for the year were elected.

Mrs. Bryant, the social vice President, presented the following program:

Vocal solo: "My Laddie" by Mrs. Paul Harper.

Class Prophecy, Mrs. John L. Bates.

Violin Duet, "O Solo Mio", Misses McLeod and Quimby.

Reading, "Willie" Miss Carolyn Patterson.

Delicious refreshments, consisting of chicken salad, mints and a cold drink were served.

The violinists, Miss McLeod and Quimby, accompanied by Miss Hackney, were guests from Wortham.

The members of the class who were absent missed a real treat.

All present went away with stronger determination to carry out the prophecy given by Mrs. Bates.

Some of her suggestions were room beautiful with a piano, a peppy choirster, a class doubled in number coming to Sunday school every Sunday, with their husbands who have all been led to Christ, willing and able to do all things through Christ who strengthens us.

Large Attendance At Baptist Church For Sunday Events

The congregation numbered about four hundred. The little play Mrs. Paul B. Harper had gotten up emphasized the importance of the right choice in life for any young man or woman. this play was put on by five Intermediate boys and girls.

Pastor Joe Jeffers was back on the job and made a short talk, taking as his subject, John 3-16, and brought out in his usual way, some beautiful lessons on God's love to the world.

Dr. M. M. Brown, who was to have spoken at the beginning of the services was detained by several professional calls right at the hour he was to have spoken, but got there in time to make a short but interesting talk at the close of the services. Dr. Brown brought to the audience some very forceable truths along practical lines. He pointed out the fact that if a man makes a success in any walk of life he must be constantly on the job. If a Christian lives the life he should he must attend church services regularly, and be associaed with people who are putting God's cause first, carying out the point that the reason so many doctors were not better Christians than they were, was because their work employed 24 hours of their time each day, Sunday as well as any week day, and that so few people seemed to realize that, evidenced by the number of calls he had had on Sunday evening and on the previous Sunday evening just at the time he was starting to church.

Of course in cases where it is absolutely necessary that a person should have immediate attention of physician, it is but right that they should go, and most physicians do go on at any hour day or night. But the public in general should consider these servants in the medical world, and where it is possible give them a chance to attend church on Sundays at least.

Look for announcement in this paper later in the week, regarding services next Sunday. There is always something doing at the First Baptist church, and our attendance continues to increase.

Butler will retire, at the expiration of his year's leave of absence, from command of the Philadelphia police force and fire department and return to the U. S. Marine Corps.

Chief Mace Captures An Escaped Convict

Last Saturday night Chief Mace and Marvin Wooton arrested T. Harris, alias Harry Wilson, negro, wanted in Houston for murder, and Sheriff Binford and a deputy came up from Houston, arriving here Sunday and took the prisoner back with them.

Harris had escaped from the pen some three years ago, where he was serving a term for murder, and several months ago he killed a woman in Harris county.

A description of the man was in possession of the city police department and Chief Mace got a line on the man through another negro and he was found in Juarez Saturday night in a barber shop and locked up pending the arrival of the Houston officers. There was a reward of $100 for the man, and Chief Mace is entitled to it, which the Houston officers promised to collect for him.

CANDIDATE DAVIS HAS A COUSIN IN TEXAS

BRECKENRIDGE, Texas, July 19.—The first Texan to claim kinship with John W. Davis, Democratic standard bearer, is William Edwards, of Breckenridge. Edwards is a cousin of the nominee and was his boyhood companion, back in West Virginia. Davis was the "prize orator" of the country school both attended, Edwards declared.

Mexia Legion May Have Delegates To Important Meetings

Mexia Legionnaires are being urged to attend the Sixth Annual convention of the American Legion which will be held in St. Paul, Minn., September 15 to 19. A special train will leave Fort Worth, the concentration point, for Texas in time to reach St. Paul on the 14th of September. A special rate of fare and a half has been secured over the Santa Fe to the State convention at Brownwood, August 16 and 18, and several from here are expected to attend that session.

City Officers Rake In Five Brass Thieves

One day last week Chief Mace went to San Antonio to return a deserter to the army department, and returning through Austin he stopped to attend to some business and while there learned that some brass fixtures had been sold there by a negro, and it was thought that they were stolen in Mexia. He located the negro who sold the stuff and finally learned from him that he got the stuff from a negro in Mexia. Returning to Mexia Mr. Mace located the negro and got a confession from him that implicated others and five arrests were made, four of the men paying fines in Justice Kennedy's court, while the fifth is still in jail.

New Furniture For Fall

OUR BUYER HAS JUST RETURNED FROM THE CHICAGO AND GRAND RAPIDS, MICH., FURNITURE MARKET—where purchases covering our fall requirements were made. At these two markets we see the actual furniture as produced by the manufacturer and in that way we know that the merchandise that you will see displayed on our floors from time to time is not only priced right but made right as well.

In order to make the necessary room for the fall purchases we will offer some unusually attractive bargains on all odd pieces and close out numbers. Some of them may be just what you want.

Remember also that our second hand department is at your service and we are in the market for any thing you want to dispose of either in trade or for cash.

Ask about our deferred payment plan. It enables you to enjoy the comforts of a well furnished home while you pay for it.

Maybe He Could "See" Six Wheels At That

HOUSTON, July 21.—A chase in which the pursued started a three wheeled automobile and wound up with two wheels still in service ended in police court here recently, with the filing of charges of driving an automobile while intoxicated against Phil Herbert.

Two detectives who finally captured Herbert said he was driving out Harrisburg boulevard when one wheel came off. Instead of slowing down to stop, he "stepped on her," and a ring of fire followed the hub as it rubbed on the pavement. He was finally captured, the detectives said, only when a tire blew out on another wheel.

Even then he didn't stop, the officers said, but was overtaken.

FUTURE OF RADIO BROADCASTING

Broadcasting will be supported primarily by the radio industry itself and from returns on the sale of radio apparatus, prophesied David Sarnoff, Vice President, Radio Corporation of America, in a recent address before the Chicago Association of Commerce.

"A fair method of determining the amount to be paid by each portion of the industry will be worked out, and this will be based on a percentage of the sales prices of radio devices," he states, declaring that the plan is in no way philanthropic, but is based on sound economics. "In the long run the public thus supports the broadcasting which it enjoys and each purchaser does so in proportion to the price paid for the receiving instrument.

"The radio industry must remain the primary agency for the direct support of broadcasting. The inescapable fact is that the radio industry has been built upon and is dependent upon the maintenance of a service to the public.

"The economic problem presented by broadcasting cannot be solved until a solution of its technical problems is within reach. I believe the answer to the latter problem lies in superbroadcasting—a system of superpower stations broadcasting with a force that would enable them to be heard distinctly in every home in the United States."

WHERE AMERICANS GET THEIR WATER SUPPLIES

Ground water furnishes the domestic supply for more than half the population of the United States, says the Pennsylvania Public Service Information Committee, quoting figures just compiled by the United States Geological Survey.

Well water is used by most of the 48.6 per cent of the population that live in rural districts and by a large porportion of the 15.6 per cent that live in cities of 2500 to 25,000 inhabitants.

Only 10 per cent of the total population of cities having a population of more than 25,000 are supplied with ground water—four per cent from infiltration galleries or wells less than 100 feet deep, and 6 per cent from wells 100 to 2000 feet deep.

When the information was compiled, the largest city supplied from wells was Memphis, Tenn., with a population of 162,351. Only seven other cities that have a population of more than 100,000 have ground-water supplies.

MEN AND WOMEN IN NEWS OF THE DAY.

Above: CHARLES E. HUGHES & MRS. BETSY C. JUDD.
Below: A. B. HOUGHTON & A. B. GWATHMEY, JR.

Charles Evans Hughes, Secretary of State, has been unanimously elected President of the American Bar Association, in session in Philadelphia. A. B. Houghton, American Ambassador to Germany, who returned to Washington for a conference with President Coolidge, has been obliged to hasten back to Berlin because of chaotic conditions there. Mrs. Archibald E. Gwathmey, whose multi-millionaire husband, the New York and Texas cotton king, recently secured a divorce in Texas entered suit against him in New York, declaring the Texas decree void and naming Mrs. Betsy Judd as co-respondent. The New York courts denied her plea, finding that Mr. Gwathmey's confessed love for Mrs. Judd was purely platonic. Now it is revealed that Gwathmey and Mrs. Judd were secretly married on July 4.

NEW OVERLAND COUPE AROUSES ENTHUSIASM OF FEMININE MOTORIST

Unusual interest among feminine motorists has greeted Willys-Overland's announcement of its new two passenger Overland Coupe. Not only is it a light car embodying the manifold advantages of the entire Overland line, but it combines with these a driving comfort and convenience almost incredible in a car of these dimensions.

Nowadays, with the male members of the family requiring the use of the car during the day, there is a definite need for a second car in a good many homes, a car that can be used for shopping and visiting by the women folks of the home.

The new Coupe has proved itself to be ideally adapted for this purpose. Ventilating windshield, Dura window regulators, rear window curtains are little touches that appeal to feminine taste.

Coupled with these features is the ease of parking, and the unusual riding comfort due to the 136-inch spring base. Its ease of handling in congested traffic areas because of the exceptionally large steering spindles and bearings are decided factors in this new car intended for feminine use.

The new Coupe is equipped with doors that are over 31 inches wide, thus providing easy entrance. The body of exceptionally heavy metal, is sturdily reinforced. Unusual pains are taken with the painting operations, fourteen coats being applied to give the car its lasting durable finish.

The interior of the body is finished in durable, long grain Spanish leather upholstery. The seat cushion is over 45 inches wide, being ample to accommodate three medium sized people. There are 15 inches between steering wheel and cushion, rendering it convenient for the car to be entered easily from either side.

A roomy rear deck provided ample space for packages, which is an additional convenience for milady's shopping. Its hinged cover is provided with a lock and is protected against dust and leaks.

THE CHAMPION COW

DALLAS.—Utility Segis Hengerveld is the name of the champion milk producing cow of Texas. According to the department of dairying at Texas A. and M. college, this Holstein cow with the long name produced a total of 28,794 pounds of milk in 385 days. Her record for butter-fat during that time was 922.66 pounds. Miss Hengerveld is owned by the Holtex Farms of Dallas county.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth . . . ."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat.

AN ORDINANCE

AN ORDINANCE ordering an election in the City of Mexia, Texas, to be held on the 12 day of August 1924, for the purpose of electing two persons to serve as members of the City Commission up to the first Tuesday in April, 1926, as provided by the Charter of the City of Mexia; designating the place at which said election is to be held and appointing presiding officers thereof, and declaring an emergency.

WHEREAS, on the 7th day of July, 1924, there was submitted to the qualified voters of the said City of Mexia at an election, the Charter that was prepared and submitted by the Charter Commission which was elected on the 21st day of March, 1924, and at such election a majority of the qualified voters voting at said election voted in favor of the adoption of the Charter so submitted and,

WHEREAS, said election was duly and legally held on the 7th day of July, 1924, and said results of said election duly certified and recorded by the presiding election officers; and

WHEREAS, on the 10th day of July, 1924, the City Commission considered the returns and canvassed the same, and found that there was cast at said election 479 votes for the adoption of the Charter and 341 votes against the adoption of the Charter; and the Commission thereupon by resolution duly entered declared that the Charter so submitted was adopted by majority vote of the qualified voters of said City voting at said election; and

WHEREAS, the Charter adopted provided that there should be elected two additional members of the City Commission to hold office until the first Tuesday in April, 1926, or until their successors have been duly elected and qualified.

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA:

Section 1: That an election shall be held in the City of Mexia, Texas, on the 12th day of August, 1924, for the purpose of electing two additional members of the City Commission.

Section 2: That the polling place and presiding officers of said election shall be respectively as follows: The polling place shall be at the City Hall in the City of Mexia, Texas, and T. B. Chatham is hereby designated as presiding officer.

Section 3: That an election shall be held under the provisions of Section 4, Article XVII of the Charter of the City of Mexia, Texas.

Section 4: All persons desiring to become candidates for members of the City Commission shall file their names with the City Secretary of the City of Mexia, Texas, not later than the 8th day of August, 1924, at 5 o'clock p. m. and the names so filed shall be printed on said ballot as candidates to be voted upon at said election.

Section 5: A copy of this ordinance shall be sufficient notice of said election and ten (10) days notice of the time and place of holding said election shall be given by posting certified copies thereof at the place designated for holding said election, at least ten (10) days prior to the holding of said election, and by publication of said notice not less than ten (10) full days from day of the election.

Section 6: The fact that the Charter of the City of Mexia provides that there shall be five (5) members of the City Commission and that there are now only three creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day, and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage, approval and publication.

Passed and approved this the 14th day of July, 1924.

E. WATSON, Mayor.

Attest: R. D. Morgan, City Secretary

AN ORDINANCE

Be It Ordained by the City Commission of the City of Mexia, Texas:

Article 1: It shall be unlawful for any dog, either male or female, to run at large within the limits of the City of Mexia, Texas, unless wearing a license tag as hereinabove provided. Any dog found within the limits of the City of Mexia, unless confined in an enclosure, or is wearing a license tag as hereinafter provided whether accompanied by owner or alone, shall be killed without further notice to the owner.

Article 2: On and after the adoption of this ordinance it shall be unlawful for the City of Mexia, Texas, to issue a dog license tag to any owner or keeper of a dog within the limits of said City unless the application for said license is accompanied by a certificate of vaccination against rabies, signed by a recognized veterinarian, or some one else so authorized, setting forth that the dog for which the license is issued has been vaccinaced against rabies within twelve months prior to the time of making the application.

Article 3: A license issued by said city under conditions set forth in Article Two (2) of this ordinance and properly attached to a collar and worn continuously by the dog for which it was issued will remove all restrictions regarding confinement as set forth in Section One (1) of this ordinance.

Article 4: After the passage and publication of this ordinance it shall be the duty of the Chief of Police and of each Policeman of said City to kill every dog which is not wearing a license tag unless said dog is confined in an enclosure.

Article 5: All Ordinances in conflict with this ordinance are hereby repealed.

Article 6: The fact that there is no ordinance regulating the licensing and vaccination of dogs creates an imperative public necessity that the rules requiring ordinances to be read on more than one day be and the same is hereby suspended and that this ordinance take effect from and after its passage, approval and publication, and it is so ordained.

Passed and approved as an emergency measure this the 12th day of July, 1924.

PLANS COMPLETED FOR DEMOCRATIC PRIMARY ELECTION

LONG TICKET TO BE CONSIDERED BY VOTERS OF THE COUNTY

Before the arrival of next Saturday morning, the election supplies will have been distributed among thirty odd voting precincts in Limestone county, for the primary election, the date of which has been set for July 26.

This work has received and is being given the attention of the County Chairman, Mr. Allen, the Secretary Fletcher Adair and other members of the Executive committee.

By reason of the fact that all candidates for office, from United States Senator to Constable, appear on the ballot this year an unusually large vote is expected this year. There are approximately 8,000 qualified voters in Limestone county, including the exemptions, and it is believed that the greater portion of these will vote in the July primary.

Many candidates for county and district office look upon the Mexia end of Limestone county as the political battle field of the year. They are, therefore, exerting all their influence to secure a large vote in the boxes in this section. This will no doubt result in the greatest vote in history being recorded here, at Tehuacana, Shiloh, Forest Glade, Coolidge, Prairie Hill, Datura and at many other boxes.

The County Judg's race is probably the most interesting. F. H. Kirby is offering for re-election. He is opposed on the ticket by Johnson Wakefield of Groesbeck and B. W. Miles of Coolidge.

The ticket being unusually lengthy, considerable time will be required to tabulate the returns.

The second run off primary will be held on August 23, this being for the two highest candidates in the races where there is opposition.

In accordance with notices given out from the office of County Clerk, J. L. Day, absentee voting has been provided for and there will likely be quite a number of votes cast in accordance with the law governing such matters. Those who will be away on election day may see Deputy Allen Gillespie at the Prendergast-Smith National Bank and secure ballots and leave there with him.

The Mexia ballot is as follows:

WHOLE FAMILY ENDORSE TANLAC AS BEST TONIC

"Tanlac has been our constant friend for years, and my wife and myself and eight children are all enjoying wonderful health, largely due to this medicine," is the remarkable statement of Harry H. Pistole, 310 Archer St., Waco, Texas.

"In my own case Tanlac has done what seemed to be impossible. When I began taking it my stomach was in such a bad fix that I had to live on a milk and egg diet and I was almost a skeleton. I had been flat of my back in bed and under treatment for 18 months and felt that my time was about up.

"After my case had been given up as hopeless and I thought I was beyond redemption a relative put me on to Tanlac, and the result is, I gained 20 pounds, and enjoy as good health as anybody could wish.

"My wife was all broken down in health. But now she weighs 155 pounds, and is strong and well and I am giving Tanlac credit for it. We give Tanlac to the children to tone them up and make them grow, and nobody ever had a healthier set of children than we have.

"Tanlac is certainly the greatest medicine on earth for anyone whose life is wrecked by bad health. We sure do have a great deal to praise Tanlac for at my house."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 millions bottles sold.

Tanlac Vegetable Pills for constipation; made and recommended by the manufacturers of Tanlac.—(Adv.)

Senator Witt—Paid Railroad Attorney—Votes to Give Special Privileges to Railroads to Remove Shops and Terminals from Mart, Waco and Elsewhere without Compensating for Losses.

Attention Voters:

Do you know that Senator Witt voted against the passage of Senate Bill No. 143, submitted at the 38th Legislature last year which provided "AGAINST THE REMOVAL OR CHANGE IN THE LOCATION OF GENERAL OFFICES, MACHINE SHOPS, OR ROUND HOUSES OF ANY RAILROAD IN THE STATE OF TEXAS WITHOUT COMPENSATING PARTIES FOR DAMAGES SUSTAINED BY SUCH REMOVAL." See page 738 Senate Journal. This ball was lost by one vote—15 against and 14 for—and Senator Witt was one of the 15 Senators that voted to kill the bill and by his vote the bill was killed. My friends, he is now serving his second term of four years and if reelected and this or other similar bill is again presented he will probably vote as he did before. This would give the railroads the privilege of removing shops and terminals from Mart and Waco, if the railroads so desired, without compensation to either city.

You know what it would mean to Waco and Mart if the railroads would remove their shops, round houses and terminals. Why, it would be the ruin of Mart and a staggering blow to Waco. Will you return to public office a servant who votes against the rights of his own people and declares for special privileges to railroad interests?

I have no "axe to grind." I represent no railroad corporation, directly or indirectly, and can therefore give you and the state the FULL MEASURE OF SERVICE. At least I pledge myself, if elected, to undertake to protect the interest of all the people of my district in all matters coming before the senate.

Yours truly,
HARRY P. JORDAN.

At a meeting of the Board of Directors of the Waco Labor Temple Association, the following resolutions were adopted:

Whereas, When organized labor decided to erect a labor temple in Waco, a building committee was created, with authority to work out the details and submit same to those who might become shareholders therein for their approval. In performing this duty, the committee frequently needed legal counsel and assistance, and such service was volunteered by a prominent member of the Waco Bar, as a friend of the cause, and without compensation. Therefore, be it

Resolved, by the Directors of Waco Labor Temple Association, that we tender to Harry P. Jordan our assurance of hearty appreciation for his invaluable legal services in perfecting our organization.

Resolved further, that a copy of this resolution be spread on the minutes of the association, a copy sent to Mr. Jordan and a copy furnished the Farm and Labor Journal.

TUITION FEE CREATES CLASS EDUCATION SAYS PRESIDENT W. B. BIZZELL

COLLEGE STATION, Texas, July 21.—The charging of a tuition fee at the institutions of higher learning would mean the creation of class education or an aristocracy of learning in Texas, President W. B. Bizzell of the A. & M. College of Texas said in discussing such a proposal now being made publicly. "That would mean that eventually we would be facing the same situation that we have in England today with a strong socialistic party fighting to abrogate the right of private property," he added. "We must educate all our people or there will arise a class that will take by force what is denied them by equal opportunity."

77TH JUDICIAL DISTRICT

"Your Judge—and Ours."

The undersgned committee, reflecting the unanimous sentiment of his home people, take this method of soliciting your support for our friends and neighbor, Judge A. M. Blackmon. We know him, and we vouch for him.

Everyone agrees that Judge Blackmon has made an ideal judge. He has the ability, is always fair, and is by temperament peculiarly qualified for the position he now occupies. He has taken rank among the truly great judges of this State, and is so recognized by the members of the bar everywhere. With such a record can the people of this district afford to dispense with his services at this time? He is your judge, and ours. We have tried him, and know that he measures up to all the requirements of a real judge—why should we change? Vote your best judgement on July 26th—for the man who can best serve you.

Big Five To Hold Plenary Meet Tuesday

By LLOYD ALLEN
(United Press Staf Correspondent)

LONDON, July 21—The committees of experts of the allied conference carried out intensive discussions over the week-end making progress which virtually assures a plenary session by Tuesday.

It now is expected that the German delegates will arrive late this week, although no invitation had been sent up to noon today.

Ambassador Kellog, who is American representative in the conference attended the meeting of delegation heads at No. 10 Downing street at 10:30 a. m. today, on the invitation of Prime Minister MacDonald. It is understood the leaders discussed important points ofthe decisions reached by the committees in their week-end meetings.

This morning's conference in Downing street was attended by the "big five" of the gathering—Prime Minister MacDonald, Ambassador Kellog, Premier Herriot of France, Premier Theunis of eBlgium and Minister De Stefani of Italy. When the meeting broke up shortly after noon it was understood the leaders had decided to hold a plenary session Tuesday in event the second committee of the general conferences completes its report by that time.

Germany Optimistic Over Allied Confer'nce

BERLIN, July 21.—London and Paris reports that the allied conference in the British capital is nearing the conclusion of satisfactory agreement aroused considerable optimism here today. News that Germany probably will be invited to send delegates to the conference this week was especially welcome.

The Nationalist press declares any invitation to Germany to participate in the conference will mean nothing more than that the German delegates will be told to sign on the dotted line but the Socialists are hopeful. The Government, it is learned, is prepared to send Foreign Minister Stressemann to London as head of a German delegation just as soon as an invitation arrives.

BUENOS AIRES, July 21.—Developments in the Brazilian revolutionary situation over the week-end, were not reassuring, according to reports reaching the Uruguayan border today and the rebels still are in control of the major portions of the State of Sao Paulo.

The general advance of the Federal forces, scheduled to take place Saturday, apparently was not attempted.

Three fires occurred in Sao Paulo City the night of July 8, according to travelers reaching Montevideo from Santos. The building of the Standard Oil Company was damaged and two other buildings partly destroyed.

Federal forces claim to have shot down one of the rebel airplanes in skirmishing Saturday, according to a communique given out by the Brazilian Embassy here.

"Weather conditions in Soa Paulo have improved," the communique said, "allowing reconnoitering movements prevented previously by the heavy clouds. Government troops continue their movement preparatory to the maneuver which they are about to undertake."

A number of travelers who left Sao Paulo, July 12, reached Montevideo from Santos last night. They said discipline in the rebel ranks was excellent and that a formidable military organization had been built up around the State army. The rebel troops seemed well supplied with ammunition and had taken control of several factories which were turning out additional equipment.

Guards were posted over banks and business houses. There was a severe food shortage in Sao Paulo City and price regulation had been started. The rebels also had requisitioned considerable food supplies from the interior, beans, cattle, rice and milk.

General Isidore Lopez, the rebel commander, has decreed complete free dom for the Sao Paul press and holds daily conferences for newspaper men. Newspapers in Sao Paulo are printing as usual but are restricted in size owing to a shortage of paper.

According to rebel sources, the travelers said, 60 were killed in the street fighting which preceded expulsion of Federal forces from Sao Paulo City.

The Sao Paulo rebels have collected a war fund of 62,000 contos of reis (more than $6,000,000) according to other advices.

Spread of the revolt to the big towns of the interior of Sao Paulo State was confirmed by yesterday's official communique received here from Rio de Janeiro. The communique said a lieutenant and five petty officers were captured yesterday at Ribio Preto, an important town to the west of Sao Paulo City.

"Our troops under command of General Potyguara took up more advanced positions Saturday afternoon," the communique said.

Mr. and E. A. Hampton have returned from their vacation which carried them to points in North Texas.

UNITED STATES ASKS STATEM'T FROM PERSIAN GOV'T

WASHINGTON, July 21.—The United States has asked the Persian government for a "precise statement" in regard to the responsibility for the killing of Robert Imbric, American vice consul, by a mob at Teheran.

Philadelphia Clean-up Officers Can't Agree

PHILADELPHIA, Pa., July 21.—A show down on whether Smedley D. Butler will be "fired" from the Cabinet of Mayor Kendrick as director of public safety for Philadelphia is expected today. The brigadier general of the Marine Corps, "loaned" to Philadelphia by President Coolidge for one year, so the fighting Quaker could clean up vice, crime and liquor here, will confer with Kendrick today as to his status. The two officials are no longer of one mind as to police procedure. As a result, Butler, it is understood, will not be retained after his leave expires on Jan. 5, 1925, and he may even be asked to resign his post at once.

Politicians, it is said, have brought pressure to bear on Kendrick in an attempt to get the Mayor to dispense with the services of the marine genreal police chief.

Butler is accused of being "out of harmony" with the administration and with political leaders. This accusation came when the director began redistricting police stations to kill political control of the police department.

With the sword of dismissal hanging over his head, Butler continues his work of redistricting police stations. He refused to comment on the situation. He smilingly said he had "another employer who is waiting for me if I am not wanted here."

Houston Woman Held For Killing Husband

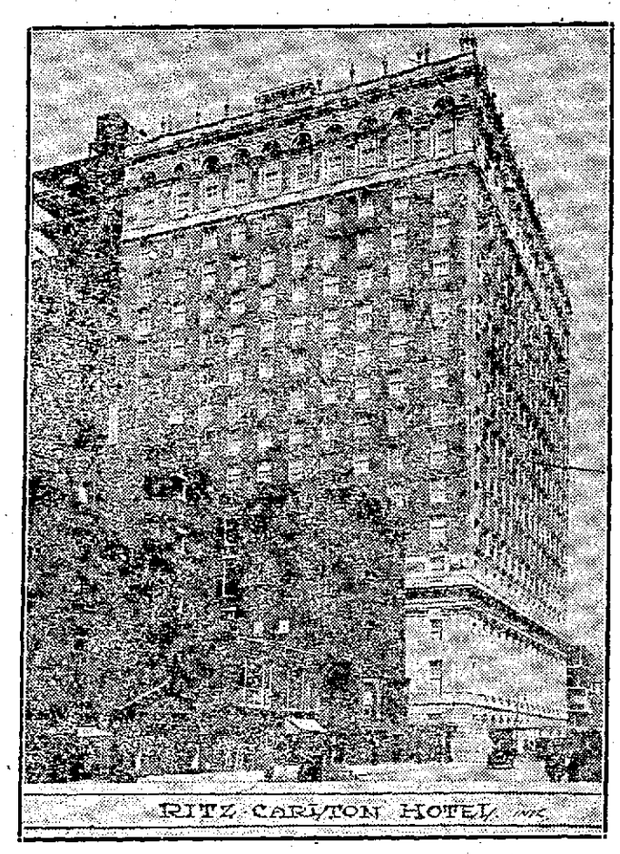
HOUSTON, Texas, July 21.—Mrs. Susie Cook, 38, is being held in jail here charged with murdering her husband, George Cook, prominent Houston contractor. Mrs. Cook denies the charge and declares that burglars shot her husband. Justice Campbell Overstreet, after questioning Mrs. Cook for three hours at the scene of shooting, withheld his verdict and admitted that the crime is the most baffling in his experience. A preliminary hearing is set for Tuesday morning at 9 o'clock.

John H. Gafford of the J. R. Corley Furniture Company is spending the week on a vacation trip which has carried him to popular fishing and hunting resorts of Texas.

SEEK FIEND WHO MURDERED LAD.

The entire police force of the City of New York is engaged in an intensive search for the fiend who mistreated and strangled little Francis, the eight-year-old son of Policeman and Mrs. Arthur MacDonnell, and buried the body in a lonely grove on Staten Island. The mourning parents are shown with their two remaining children.

SEEK TO PADLOCK $10,000,000 HOTEL.



Because of alleged liquor violations, Federal Prohibition Enforcement Agents will seek to place a padlock for one year, under the terms of the Volstead Act, on the $10,000,000 Hotel Ritz Carlton, in New York City, one of the most expensive and exclusive hotels in the world.

De La Huerta Brands Obregon And Calles As "Villainous" Liars

HOUSTON, Texas, July 21.—A new story of the death of Felipe Carrillo Puerto, heró or villain Governor of Yucatan, who was backed up to a blank wall and shot last winter, has just come to light here.

The story is contained in a letter written by Adolfo de la Huerta, former Minister of Finance of Mexico and leader of the recent revolution which terminated so disastrously for him.

In addition to a bitter attack on President Obregon of Mexico, and General Calles, at present a candidate for that office, the letter declares that a statement issued by Calles just before the presidential election in Mexico two weeks ago, charging de la Huerta with responsibility for Carrillo Puerta's death, is a "villainous lie," and that Obregon and Calles are responsible for the recent revolution.

New Country Club Named Hollywood

DALLAS, July 21.—A new country club to be known as the Hollywood Country Club is being planned by a group of local men. The club will afford facilities for fishing, hunting, bathing, golfing and other outdoor sports. it is stated. The club is to be located two miles off the Athens-Palestine highway, five miles south of Athens. The club property, as planned, will consist of more than 1500 acres of land bordering four lakes in one of the most beautiful parts of the state. Approximately 800 acres of land will be under water.

JUDGE BLACKMON THANKS FRIENDS FOR THEIR AID

Judge A. M. Blackmon was here from Groesbeck Saturday afternoon. He spoke gratefully of his friends who participated in the Blackmon parade Saturday in his interests. Quite a number of cars loaded with his supporters toured several Freestone county points and carried on the campaign in his behalf. Since much of his time is spent in the court room, he states that he is very grateful to all who assist him in the campaign.

Large crowds gathered at the First Presbyterian church and the First Christian church Sunday night when the union services were held. The Methodists, two Presbyterian churches and the Christian church have decdied on union service every night, the services being held in two of the churches one week and in the other two the next week.

W. R. Fitzwilliam of Waco was in Mexia on Business Monday.

W. A. McNeil of Mercedes, Texas was in Mexia Monday on business.

New York Cotton Advances Following Report by Bureau

WASHINGTON, July 21.—The condition of the cotton crop on July 16 was 68.5 per cent compared with 67. two years ago. This indicates a crop, according tto government figures, of 11,934,000 bales. New York futures immediately advanced $8 to $10 per bale. October 200 points higher a few minutes after the report was published.

Pedigree Not Good At Modern Banks

EL PASO, July 21.—A "highbrow" New England youth entered a bank here and showed the cashier a letter of introduction from a staid old New England bank asking that the youth be allowed to start a $10,000 checking account. The letter was filled with praise of the young man's family lineage, etc., but nowhere did it state whether the youth was "good" for the amount. So the local banker wrote back to the New England bank and briefly stated that what was wanted was not a pedigree but a financial statement.

BAPTISTS ADD FIVE TO MEMBERSHIP HERE

The Baptists church added five to its membership at the services Sunday morning. Two were received by letter and three by profession of faith. They were Mrs. L. V. Ross and Le Roy Ross of 407 Kaufman street and Floyd Blue, 146 East Liberty, Marvin Lester, 404 East Hopkins and Mrs. Mary Ayers of 306 Milam Street.

HARVESTING WHEAT

AMARILLO, July 1.—Two acres of wheat a day is the accomplishment of a combine owned by Hershel Cliner, a farmer near Vega. The big machine cuts a swath 36 feet wide.

Recently Cliner cut and threshed 7000 bushels of wheat in three days, which is believed to be a record for this district.

The women voters of the community are becoming very much interested in the elections this year. The primaries in Mexia next Saturday will no doubt show the biggest vote yet polled here. The ladies are very much in favor of securing the very best men to serve the county, efficiently, honestly and economically.

W. B. Kendrick has accepted a challenge from Hardy Eubanks to play off a tie between Mr. Kendrick and Allen Hatch. The bitter contest is expected to continue three days at the Mexia County Club, golf being the game that has aroused the rivalry.

Scott Reed, candidate for County Attorney, was here from Groesbeck, today.

Surprise Is Sprung On Prosecution When Both Admit "Guilty"

CHICAGO, July 1.—Clarence Darrow, chief defense counsel for the millionaire Loeb and Leopold families, today sprung a surprise when the trial opened in the criminal court here before John R. Caverly, by entering a plea of guilty for the youthful confessed slayers of 14 year old Robert Franks.

Young Leopold himself was called to the bench and himself pleaded guilty, Loeb following him.

"Is it your understanding that if you plead guilty to murder the court may sentence you to death or the penitentiary for the period of your natural life, or for a period of not less than fourteen years?" Judge Caverly asked.

"I understand," Loeb answered, his lips quivering, his eyes dropping to the floor.

"With this understanding do you still wish to plead guilty," the judge asked.

"I do," both boys replied.

Darrow advised the court that before the boys are sentenced he wishes to present evidence to the court.

Sentencing the young college murderers will probably be delayed for several days.

The prosecution was taken completely by surprise but did not contest the action.

Both sides announced that they would be ready for the presentation of evidence July 3rd.

By pleading guilty Leopold and Loeb have made it impossible for a defense of "insanity" to be argued, Judge Caverly explained to the United Press. Caverly intimated, however, that the defense could show a degree of moral responsibility which might and might not affect the sentence of the court.

Although slightly heavier than when they entered the prison seven weeks ago, the youths were materially pale from confinement.

Leopold gazed into space without apparenlty seeing anyone. His aged father, millionaire president of a box company, sat silently in the court room, tears trickling down from his rough face.

Loeb, somewhat taller and more erect, faced the court with more composure. The only trace of nervousness on his part was a slight shuffling of his feet. Loeb's father, millionaire vice president of Sears, Roebuck Company, was not present. He is said to be seriously ill and resting at his summer home. The boy's older brother, Allen, was in court.

FIVE CHILDREN DIE IN FIRE IN HOME ON FARM

MERCER, Pa., July 21.—Five children were burned to death in a farm house near here while their mother looked on. The dead range in age from 9 months to 9 years, and were the children of Mr. and Mrs. Red Hedgelin. The bodies were huddled in a corner when they were taken from the ruins.

Mean Trick Even If Played On A Dog

DALLAS, July 21.—Some jokesters played a mean trick on a sedate old country dog who was following his master up one of the downtown streets here.

In front of a fur store, stands a life-size bear, erect on a rolling plat form. As the man and his dog passed the store, the joker got behind the bear, let out a roar and gave the stuffed grizzly a shove.

The dog torn between duty to his master and fear gave out one frightened howl and "lit out" down an alley. He didn't stop until he jumped over an excavation for a new building. He landed at the bottom, stunned but unhurt.

The dog's master who had followed him, picked him up and carried him out of the danger zone.

A Barber Shop And Not a "Bobber" Shop

EL PASO, July 21.—Taking the bit in his teeth, O. L. Ehlers, barber, has notified women that he doesn't want their patronage. He placed a sign over his shop "No Ladies Hair Bobbing in This Shop."

As Ehlers explains it, women have no business in barber shops which have been and always should be man's tonsorial haven. The women, he declares, should patronize beauty parlors. And besides, women are hard customers to please. They fidget and squirm around in the chair and make a nervous wreck out of the poor barber, Ehlers claims. They balk, too, when it comes to waiting their turn.

The women sneer, politely, as they pass Ehler's sign, but the men come in with a glad smile, he says.

LOOKING FOR MURDERER OF DETECTIVE CONRAD

KANSAS CITY, Mo., July 21.—The underworld was combed today for the murderers of Paul Conrad, former member of the detective force, who died after being found unconscious with his throat cut. Conrad had made many enemies in the underworld as a result of his detective work and police believe his slaying may have been an act of revenge.

ANOTHER WORLD FLYER

AMSTERDAM, July 21.—Plans of Major Zanni, Argentine aviator for his attempted flight around the world have been completed and the flyer probably will take off from this city within the next few days.

SOMETHING BESIDES OIL

BRECKENRIDGE, July 21.—All of Stephens county's wealth doesn't come from oil. Tax lists show more than $200,000 invested in cattle in this country.

A Natural Outcome Of The Fast Life

FORT WORTH.—What would you do if your 15 year old son forged checks and refused to obey your warning? Would you turn him over to the police?

That's what Mrs. E. P. Freeman of Fort Worth did in the case of her son James. The trouble began, according to the heart-broken mother, when her boy began going with a girl who demanded more gifts than "Jimmy" could buy. So, according to his mother, he started forging checks. Finally after efforts of his parents to make him reform, failed, his mother had him arrested.

"I did what I thought best for my boy," Mrs. Freeman explained.

MACHEN TO SPEAK IN MEXIA WEDNESDAY NIGHT

Chester H. Machen left this morning for Fairfield where he will perform his duties as District Attorney of the 87th district court this week. He was at court all last week and states that this made it impossible for him to see many of the voters personally in the interest of his race for District Judge. Nine criminal cases were tried and all convicted last week in the Fairfield court. This week he will be busy in the day time in court and at night will make political addresses in behalf of his candidacy. He will speak in Mexia Wednesday night, according to arrangements made by friends of this section.

CORRECTING A MISTAKE

PORT ARTHUR, July 21.—Detective J. Shephard sat in a court room here as a witness in an accident case.

Marvin Scurlcok, county attorney, started reading the list of witnesses Shephard's name led the list.

"Your honor," said Scurlock, "the witness is dead."

"I beg your pardon, but I'm not dead," piped up Shephard from the rear of the courtroom.

"My mistake," said Scurlock when he had recovered from the surprise.

Records Given Of Proceedings In County Court

Accofding to the records of the County Clerk, the order of the Limestone Commissioners Court authorizing an injunction against W. A. Robbins, Tax Collector, appears in Vol. 1, page 344, Commissioner's Court Minutes of Limestone County, Texas. The report shows that those present and voting "Yes" were Leach, Andrews and Dulaney. Commissioner Kennedy was absent at this session, according to his own statement and the statement of the records.

The order reads as follows:

Ordered by the Commissioners Court that the county attorney of Limestone County, or the District Attorney of the 77th Judicial District or District Attorney of the 87th Judicial District, if the County Attorney cannot act or perform his duties that the above and foregoing officers shall file in behalf of the Commissioners Court of Limestone County a suit in the district court for the 77th Judicial district, in said suit asking for a writ of injunction restraining the Honorable W. A. Robbins, Tax Colector, of said county from making returns or report whereby conveying the funds received to this department as registration fees on all motor vehicles in Limestone County, to the State of Texas, to State Treasurer, the Comptroller's Department, or the State Highway Commission, and it is hereby understood that the county shall not pay any additional fees to any other attorney or attorneys used in said suit unless the Commissioners Court shall see fit hereafter to do so. And it is ordered by the Commisioners Court that said suit be filed suing out said writ of injunction immediately."

The same records also show that

"At a call session of the Commissioner's Court of Limestone County, Texas, January 3rd, A. D. 1924, where as that a call session of this Court called on the 31st day of December A. D. 1923, for the purpose of determining whether or not a certain suit should be brought by Limestone County, Texas, to enjoin the payment of the money received for registration of Motor vehicles into the State Treasury of the State of Texas and to test Constitutionality of said law this court made and entered into its minutes its order requiring and requesting the County Attorney of Limestone County, Texas, and the District Attorneys for the 77th and 87th Judicial Districts of Texas, to bring a suit restraining the tax collector and county treasurer of Limestone County from paying said funds to State Authorities and,

Whereas, it is deemed advantageous and expedient to amend said order and make the more complete, it is therefore offered by the Commissioner's Court of Limestone County, Texas, at its special session hold this the 3rd day of January 1924 and which was called for the purpose of amending said order last named that the County Attorney for Limestone County, Texas, together with either or both of the District Attorneys, above named, if they desire, to join in said suit be and hereby are authorized and directed and empowered to bring a suit against the Tax Collector of Limestone County, Texas, against State Highway Commission of Texas and State Highway Engineer of Texas for the purpose of testing the Constitutionality of H. B. No. 361 passed by the 38th legislature of Texas at the Regular session and enjoining said collector and treasurer from paying any part of the moneys received from the registration of Motor vehicles in said county to the state treasurer until the rights of all parties hereto have been determined and ascertained and enjoining State Highway Commission and the State Highway Engineer from assuming control of any part of the highways in Limestone County, Texas, to the exlusion of inheritance power vetsted in the Commissioner's Court of said county to manage and maintain the same and directing the County Judge and County Clerk of said County to execute an injunction bond for said County and for and on behalf of said county in said suit and authorzing the County Attorney of Limestone County, Texas, to act as the agent of said county and do and perform any and all acts for and on behalf of said county reasonably necessary and incident to the successful prosecution of said suit.

Limestone County, Texas.

Special term, January 3rd, A. D. 1924.

On this the 3rd day of January A. D. 1924, at a special term of the Commissioner's Court of Limestone County, Texas, upon motion of Ed Andrews, Commissioner of Precinct No. 3 of Limestone County, seconded by E. R. Leach, Commissioner of Precinct No. 1, of said County and State the following order was made:

The District Attorney James Kimbell of Limestone County and the 77th Judicial District of Texas and the County Attorney of said county, the Hon. Scott Reed and the law firm of Kennedy and Lyles of Groesbeck, Texas, be and hereby are employed to represent the county of Limestone in a certain suit brought by said county now pending in the 77th District court of Texas and styled Limestone County vs. The State Highway Commission et al and the sum of fifteen hundred dollars is hereby appropriated out of the general fund of said county to pay the expenses necessary to the prosecution of said suit, and the auditor of said county is hereby directed to pay to said attorneys the sum of $750 from said fund immediately and to pay the remainder thereof when ordered so to do by this court and from time to time to pay expenses as are necessarily incident to the prosecution of said suit, snbject to the approval of this court." Present and voting for this order, Andrews, Kennedy and Leach, voting against this order Dulaney.

The above statement of the history of the action leading to the injunction suit, as submitted to The News, bears the official seal of the County Clerk's office and is signed by Anna Burney, deputy, on July 21, 1924, in which it is stated that the above is a true copy of the Order of Commissioners Court, appointing attorneys to represent the county in the said suit.

Here's How It Happened

The Inside Story of the National Democratic Convention.

By A. GARLAND ADAIR
Managing Editor of The Mexia Daily News

NUMBER NINE
THE RELIGIOUS ISSUE

Mr. Bryan concluded his address in defense of the majority platform report, as follows:

Mr. Bryan. "And now I want to tell you my last and strongest objection, and let the galleries scoff if they dare: I say, I am not willing to divide the Christian church when we ought to stand together to fight the battles of religion in this land. (Applause.)

The democratic party has done more for me than for any other living man, and, my friends, I am grateful. I cannot express my gratitude. I can paraphrase the words that are familiar when I express my sentiments:

"Partisans spare that party, touch not a single bough;
In youth it sheltered me and I will protect it now" (Loud cheers and applause.)

But, my friends, much as I owe to my party, I owe more to the Christian religion. If my party has given me the foundations of my political faith, my Bible has given me the foundations of a faith that has enabled me to stand for the right without stopping to count how many stood to take their share with me. (Cheers and applause.)

My father taught me that I could afford to be in a minority, but that I could not afford to be in the wrong on any subject. He believed in the Bible and in God, and he believed that God stood back of every righteous cause with an arm strong enough to bring victory to his side; and that has been my faith. And, my friends, I believe religion is of more importance than politics and I believe the world now needs, not so much to get into a fight between denominations as it does to get back to God and sense of responsibility to God. (Applause and tears).

Burglars stole $65,000,000 in a year and pickpockets stole nearly as much, and bank robbers and bandits took large sums; but the swindlers took $2,000,000,000, ten times as much as all the people in the penitentiary took. Isn't it worth while, my friends, to unite the Christian church in behalf of the ten commandments and the Sermon on the Mount, instead of dividing them into warring factions. (Applause.)

The world is coming out of war, the bloodiest ever known. Thirty million of human lives were lost; $300,000,000,000 of property was destroyed, and the debts of the world are more than six times as great as they were when the first gun was fired. My friends, how are you going to stop war? Oh, they say, commerce will do it, but commerce reached its highest peak just before the war. They said that education would do it, but education reached its highest peak just before the world war. Some say science will do it, but science did not do it, for science had reached its highest point just before the war began. Yes, my friends, science instead of preventing war, mixed the poisonous gases and made the liquid fire. It was science that made war so hellish that civilization was about to commit suicide. Science cannot do it. There is only one thing that can bring peace to the world, and that is the Prince of Peace. (Applause.) That is my friends, the One Who, when He came upon the earth, the angels said, "On Earth, Peace, Good Will toward Men."

My friends, Jew and Gentile, Catholic and Protestant, stand for God, on whom all religion rests, and Protestants and Catholics stand for the Prince of Peace. It is possible that now, when Jesus is more needed, I say the hope of the world, is it possible at this time, in this great land, we are to have a religious discussion and a religious warfare?

Are you going, my friends, to start a blaze that may cost you innumerable lives, sacrificed on the altar of religious liberty?

I cannot believe it; I call you back in the name of our party, I call you back in the name of our God, I call you back in the name of the Son of God and Savior of the world. Christians, stop fighting, and let us get together and save the world from the materialism that robs life of spiritual values. (Great applause.)

THE LIMESTONE COUNTY RING

"Happiness is service and clean living and clear thinking and self forgetfulness and self respect." That's what many men and women would say that service means and it is a definition that may be applied to citizens and office holder alike.

This is the week set apart to choose men and women for public service in public office. There have been many matters of record in the county court house unearthed in the course of the campaign this political season which have won and merited the disapproval of the citizenship of the county. Hardly a person has read or heard of some of the painful facts without some sort of exclamation of surprise, displeasure and deepest regret. The blame, the people have agreed does not center probably upon any one public official but hits several public officials and some outsiders. These are commonly referred to as "the ring." Doheny has his ring. New York has its ring called "Tammany," El Paso once had a ring called "Kelley." Cities and counties all over the state and nation have their rings and now it is freely stated that Limestone county has a ring. This ring has been charged with being the seat of most all the trouble in Limestone County. Members of the so-called ring are to be seen coming from Groesbeck to Mexia every day. Sometimes the men credited with being the ring hold meetings here. They loudly denounce the Klan and are one themselves and they are getting as busy as a bird feathering its nest this the last week of the primaries.

Self so often usurps the throne of public service in public office and in private action. As a consequence, unhappiness comes like a thief in the night to a home, leaving his finger prints on things sacred and causing the inmates to quake with fear.

All public servants will become better officials when they realize fully and firmly that performance is the greatest accomplishment in the world and Americans should understand that service has the greatest results and the greatest rewards.

The late President Harding said: "Our country is a wonderful land with its unlimited possibilities, its diversified industries, and there is for each of us more to do than simply continue to live; we must study and work not for ourselves alone but for others as well, having in mind the progress of our country, and the peace, prosperity and happiness of all mankind."

"Service to self and country is doing something to elevate our fellows and make the world better for the part we have performed."

How many of our public officials who are seeking re-election know full well that they have given their countrymen the very best in them and have left the community better because of their acts in office?

Let them search their hearts. Let them go to the records of their own conscience which none but God can review with them, and let all who may be passed on favorably at the polls next Saturday determine that as far as they are concerned, their service hereafter will be of such a high order that the finger of rebuke and shame may not be pointed at them when the record is made or when it is published.

Ill fares the state, to hastening ills a prey where palatial court houses are built and our roads and schools decay.

WATCHING THE SCOREBOARD

Yesterday's hero—Wallie Pipp. Yankee first-sacker who made five hits and drove in five runs in helping the champions progress toward another pennant, New York winning both games of a double-header with Cleveland, 4 to 1 and 10 to 4.

The Reds beat the Giants, 5 to 2, Eppa Rixey halting a ninth inning rally after Benton had been driven from the mound.

The Senators came from behind in late innings to beat St. Louis, 5 to 4, in a game which saw Walter Johnson driven from the mound in the eighth inning.

Adams' hitting, his steal of home and the two homers by Hartnett helped the Cubs to win from the Braves, 7 to 4.

St. Louis won their seventh straight game in taking the first part of a double-header from Philadelphia, 7 to 4, but the Phils stoped their rush by winning the second, 3 to 2.

The Question Of The Universe

This Bible—this miraculous Bible—this Book of All Books---luminous with the light that dwell-eth not on land or sea—this noblest and most be autiful Thing in all the world—what is it--- whence cometh it—what means it?

WHAT HAS IT DONE?

It has made and unmade Nations. It has uprooted Kingdoms and Empires. It has diverted the mighty tides of History. It has crumpled ancient Faiths and Superstitions. Because of it fell Pagan Rome. The antique Systems of India and the Far East have bowed their heads to its enlightened sway.

China and the Orient now first awaken from their sleep of thrice a thousand years, and follow their sister nations of the Occident—whose feet are guided by one sole lamp — the sacred flame of which was kindled by the inspired Hebrew Prophets, and fed for all time by the Lord and Master of the Golden Rule.

Only ignorance scoffs at the Bible! The greatest rulers—the greatest statesmen—the greatest scholars — writers — orators — scientists—soldiers—and the untold milions of the Common People, whose collective genius outweighs them all—have thrilled to its Divine Wisdom.

Its lyrics of unfathomable tenderness—its orations of compelling potency—its contemplative prose of preternatural grandeur—have never been equalled. Its emotional depths and its intellectual heights make it the one and only Book of Books, vouchsafed for the guidance of mankind throughout the ages.

BIBLE DISTRIBUTION

Following the most distressing period of unrest the world has ever known, comes a world-wide revival of Bible reading, which must tend to ameliorate the unrestful conditions of mankind. To encourage such an end, leading newspapers througout this country have joined forces to promote the distribution of the great Book of Books, and have adopted a plan that should readily place the Bible in the hands of every reader. Two exclusive editions have been chosen for this purpose—first, the famous large print Red Letter Bible, illustrated herein, and a beautiful plain print, medium large type edition that will be distributed for a nominal sum by the News Publishing Co.

EVERY READER MAY HAVE THIS BIBLE

by taking advantage of the plan explained below and set forth in the Bible Coupon printed daily on another page of this newspaper.

"For Mexia, I WILL"

COUNTY CHAIRMAN E. A. ALLEN.

On the ballot to be voted on in Limestone County next Saturday is the name of E. A. Allen of Groesbeck who has consented to run for reelection. This is an important place. Mr. Allen has served the Democratic party of Limestone County in a notably fair and square and intelligent way. He is always to be found on the right side of every political question involving a moral issue and is fully in accord with the principles of dry progressive democracy. There are doubtless many others like him who would serve the section with honor to the county and with credit to themselves, but since he is offering for reelection, why turn him down? No improvement could be made through a change. The Democracy of the section will do well to keep him in harness and allow him to pull with all of his great force of character and ability during the critical days of the future.

TEXTILE MOVEMENT IN MEXIA.

The beginning of the textile industry will open the way for expansion throughout the section unequaled by any single event.

The Waco Times-Herald has this to say:

Greenville, S. C., in less than 20 years has won recognition as the textile center of the South. A single mill has grown there from 11,000 spindles to 230,000 spindles. This mill has a greater spindleage by 35,000 than is contained in the whole state of Texas. And during the time the mills have increased their spindleage, Greenville has trebled its population. It is interesting to know that the Greenville mills consumed $11,500,000 worth of cotton last year and that the value of manufactured products for that year is estimated at $20,000,000, or practically three and one half times the value of the raw cotton.

Freestone County has an annual County Fair. Hill County has an annual County Fair. Navarro County has an annual County Fair. These and scores of other counties of the State testify to the value of such expositions as institutions for the development of the farm interests of a community. When will Limestone County take the hint?

E. E. L. Class Holds Business Session On Friday Night

The T. E. L. Class of the First Baptist church met in its regular business and social meeting Friday evening. Plans were perfected for entertaining the unenlisted children of the town and new officers for the year were elected.

Mrs. Bryant, the social vice President, presented the following program:

Vocal solo: "My Laddie" by Mrs. Paul Harper.

Class Prophecy, Mrs. John L. Bates.

Violin Duet, "O Solo Mio", Misses McLeod and Quimby.

Reading, "Willie" Miss Carolyn Patterson.

Delicious refreshments, consisting of chicken salad, mints and a cold drink were served.

The violinists, Miss McLeod and Quimby, accompanied by Miss Hackney, were guests from Wortham.

The members of the class who were absent missed a real treat.

All present went away with stronger determination to carry out the prophecy given by Mrs. Bates.

Some of her suggestions were room beautiful with a piano, a peppy choirster, a class doubled in number coming to Sunday school every Sunday, with their husbands who have all been led to Christ, willing and able to do all things through Christ who strengthens us.

Shiloh Has Best School Yet Known To That District

Roy H. Stokes, of the School Board at Shiloh, stated Saturday that the school there is looking forward to the most successful term in its history. The last session was the best that the community has ever enjoyed and plans are underway to take care of a larger attendance than ever this coming season and also to add another teacher to its faculty. The faculty will consist of six teachers in 1924-25.

The board is composed of R. F. Stokes, D. E. New and W. E. Wells.

The faculty is as follows:

J. M. Jones, Principal, Mrs. J. M. Jones and Misses Curry, Suttle, Adams and Davis.

Large Attendance At Baptist Church For Sunday Events

The congregation numbered about four hundred. The little play Mrs. Paul B. Harper had gotten up emphasized the importance of the right choice in life for any young man or woman, this play was put on by five Intermediate boys and girls.

Pastor Joe Jeffers was back on the job and made a short talk, taking as his subject, John 3-16, and brought out in his usual way, some beautiful lessons on God's love to the world.

Dr. M. M. Brown, who was to have spoken at the beginning of the services was detained by several professional calls right at the hour he was to have spoken, but got there in time to make a short but interesting talk at the close of the services. Dr. Brown brought to the audience some very forceable truths along practical lines. He pointed out the fact that if a man makes a success in any walk of life he must be constantly on the job. If a Christian lives the life he should he must attend church services regularly, and be associaed with people who are putting God's cause first, carying out the point that the reason so many doctors were not better Christians than they were, was because their work employed 24 hours of their time each day, Sunday as well as any week day, and that so few people seemed to realize that, evidenced by the number of calls he had had on Sunday evening and on the previous Sunday evening just at the time he was starting to church.

Of course in cases where it is absolutely necessary that a person should have immediate attention of physician, it is but right that they should go, and most physicians do go on at any hour day or night. But the public in general should consider these servants in the medical world, and where it is possible give them a chance to attend church on Sundays at least.

Look for announcement in this paper later in the week, regarding services next Sunday. There is always something doing at the First Baptist church, and our attendance continues to increase.

CHIEF FIGURES IN NEWS OF THE DAY.

Above: FRED T. DUBOIS & EAMONN DE VALERA
Below: OWEN D. YOUNG & SMEDLEY D. BUTLER

Owen D. Young, of New York, will be the "Reparations Agent" of the Reparations Commission and arbiter of all disputes between the Allies and Germany. It is said he will wield more power than any other man in the world. The Irish Free State has decided to release Eamon de Valera, who has been interred since last August. Former U. S. Senator Fred T. Du Bois, of Idaho, has been appointed U. S. member of the International Joint Boundary Commission, controlling the American-Canadian frontier. Brigadier-General Smedley D. Butler will retire, at the expiration of his year's leave of absence, from command of the Philadelphia police force and fire department and return to the U. S. Marine Corps.

Mexia Legion May Have Delegates To Important Meetings

Mexia Legionnaires are being urged to attend the Sixth Annual convention of the American Legion which will be held in St. Paul, Minn., September 15 to 19. A special train will leave Fort Worth, the concentration point for Texas in time to reach St. Paul on the 14th of September. A special rate of fare and a half has been secured over the Santa Fe to the State convention at Brownwood, August 16 and 18, and several from here are expected to attend that session.

City Officers Rake In Five Brass Thieves

One day last week Chief Mace went to San Antonio to return a deserter to the army department, and returning through Austin he stopped to attend to some business and while there learned that some brass fixtures had been sold there by a negro, and it was thought that they were stolen in Mexia. He located the negro who sold the stuff and finally learned from him that he got the stuff from a negro in Mexia. Returning to Mexia Mr. Mace located the negro and got a confession from him that implicated others and five arrests were made, four of the men paying fines in Justice Kennedy's court, while the fifth is still in jail.

La Follette's Name To Be On Ticket

According to information now being sent to all voting precincts of the country, Electors for Robert M. La Follette for President, will appear on the ballots in the November election. R. E. Curtis of Fort Worth is temporary chairman of the Texas La Follette organization. The independent campaign will not be started in the state until after the Democratic primaries. Some have declared that La Follette will get a hundred thousand votes in the elections in Texas. He is expected to get quite a vote in Limestone county, according to predictions freely expressed at this political season of the year. Just what attitude Union Labor here will assume is not yet known.

Chief Mace Captures An Escaped Convict

Last Saturday night Chief Mace and Marvin Wooton arrested T. Harris, alias Harry Wilson, negro, wanted in Houston for murder, and Sheriff Binford and a deputy came up from Houston, arriving here Sunday and took the prisoner back with them.

Harris had escaped from the pen some three years ago, where he was serving a term for murder, and several months ago he killed a woman in Harris county.

A description of the man was in possession of the city police department and Chief Mace got a line on the man through another negro and he was found in Juarez Saturday night in a barber shop and locked up pending the arrival of the Houston officers. There was a reward of $100 for the man, and Chief Mace is entitled to it, which the Houston officers promised to collect for him.

Maybe He Could "See" Six Wheels At That

HOUSTON, July 21.—A chase in which the pursued started a three wheeled automobile and wound up with two wheels still in service ended in police court here recently, with the filing of charges of driving an automobile while intoxicated against Phil Herbert.

Two detectives who finally captured Herbert said he was driving out Harrisburg boulevard when one wheel came off. Instead of slowing down to stop, he "stepped on her." and a ring of fire followed the hub as it rubbed on the pavement. He was finally captured, the detectives said, only when a tire blew out on another wheel.

Even then he didn't stop, the officers said, but was overtaken.

FUTURE OF RADIO BROADCASTING

Broadcasting will be supported primarily by the radio industry itself and from returns on the sale of radio apparatus, prophesied David Sarnoff, Vice President, Radio Corporation of America, in a recent address before the Chicago Association of Commerce.

"A fair method of determining the amount to be paid by each portion of the industry will be worked out, and this will be based on a percentage of the sales prices of radio devices," he states, declaring that the plan is in no way philanthropic, but is based on sound economics. "In the long run the public thus supports the broadcasting which it enjoys and each purchaser does so in proportion to the price paid for the receiving instrument.

"The radio industry must remain the primary agency for the direct support of broadcasting. The inescapable fact is that the radio industry has been built upon and is dependent upon the maintenance of a service to the public.

"The economic problem presented by broadcasting cannot be solved until a solution of its technical problems is within reach. I believe the answer to the latter problem lies in superbroadcasing—a system of superpower stations broadcasting with a force that would enable them to be heard distinctly in every home in the United States."

WHERE AMERICANS GET THEIR WATER SUPPLIES

Ground water furnishes the domestic supply for more than half the population of the United States, says the Pennsylvania Public Service Information Committee, quoting figures just compiled by the United States Geological Survey.

Well water is used by most of the 48.6 per cent of the population that live in rural districts and by a large porportion of the 15.6 per cent that live in cities of 2500 to 25,000 inhabitants.

Only 10 per cent of the total population of cities having a population of more than 25,000 are supplied with ground water—four per cent from infiltration galleries or wells less than 100 feet deep, and 6 per cent from wells 100 to 2000 feet deep.

When the information was compiled, the largest city supplied from wells was Memphis, Tenn., with a population of 162,351. Only seven other cities that have a population of more than 100,000 have ground-water supplies.

MEN AND WOMEN IN NEWS OF THE DAY.

Above: CHARLES E. HUGHES & MRS. BETSY C. JUDD.
Below: A.B. HOUGHTON & A.B. GWATHMEY, JR.

Charles Evans Hughes, Secretary of State, has been unanimously elected President of the American Bar Association, in session in Philadelphia. A. B. Houghton, American Ambassador to Germany, who returned to Washington for a conference with President Coolidge, has been obliged to hasten back to Berlin because of chaotic conditions there. Mrs. Archibald B. Gwathmey, whose multi-millionaire husband, the New York and Texas cotton king, recently secured a divorce in Texas entered suit against him in New York, declaring the Texas decree void and naming Mrs. Betsy Judd as co-respondent. The New York courts denied her plea, finding that Mr. Gwathmey's confessed love for Mrs Judd was purely platonic. Now it is revealed that Gwathmey and Mrs Judd were secretly married on July 4.

NEW OVERLAND COUPE AROUSES ENTHUSIASM OF FEMININE MOTORIST

Unusual interest among feminine motorists has greeted Willys-Overland's announcement of its new two passenger Overland Coupe. Not only is it a light car embodying the manifold advantages of the entire Overland line, but it combines with these a driving comfort and convenience almost incredible in a car of these dimensions.

Nowadays, with the male members of the family requiring the use of the car during the day, there is a definite need for a second car in a good many homes, a car that can be used for shopping and visiting by the women folks of the home.

The new Coupe has proved itself to be ideally adapted for this purpose. Ventilating windshield, Dura window regulators, rear window curtains are little touches that appeal to feminine taste.

Coupled with these features is the ease of parking, and the unusual riding comfort due to the 136-inch spring base. Its ease of handling in congested traffic areas because of the exceptionally large steering spindles and bearings are decided factors in this new car intended for feminine use.

The new Coupe is equipped with doors that are over 31 inches wide, thus providing easy entrance. The body of exceptionally heavy metal, is sturdily reinforced. Unusual pains are taken with the painting operations, fourteen coats being applied to give the car its lasting durable finish.

The interior of the body is finished in durable, long grain Spanish leather upholstery. The seat cushion is over 45 inches wide, being ample to accommodate three medium sized people. There are 15 inches between steering wheel and cushion, rendering it convenient for the car to be entered easily from either side.

A roomy rear deck provided ample space for packages, which is an additional convenience for milady's shopping. Its hinged cover is provided with a lock and is protected against dust and leaks.

THE CHAMPION COW

DALLAS.—Utility Segis Hengerveld is the name of the champion milk producing cow of Texas. According to the department of dairying at Texas A. and M. college, this Holstein cow with the long name produced a total of 26,794 pounds of milk in 365 days. Her record for butterfat during that time was 922.66 pounds. Miss Hengerveld is owned by the Holtex Farms of Dallas county.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth . . . ."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they *should* be cleaned, and

AN ORDINANCE

AN ORDINANCE ordering an election in the City of Mexia, Texas, to be held on the 12 day of August 1924, for the purpose of electing two persons to serve as members of the City Commission up to the first Tuesday in April, 1926, as provided by the Charter of the City of Mexia; designating the place at which said election is to be held and appointing presiding officers thereof, and declaring an emergency.

WHEREAS, on the 7th day of July, 1924, there was submitted to the qualified voters of the said City of Mexia at an election, the Charter that was prepared and submitted by the Charter Commission which was elected on the 21st day of March, 1924, and at such election a majority of the qualified voters voting at said election voted in favor of the adoption of the Charter so submitted and,

WHEREAS, said election was duly and legally held on the 7th day of July, 1924, and said results of said election duly certified and recorded by the presiding election officers; and

WHEREAS, on the 10th day of July, 1924, the City Commission considered the returns and canvassed the same, and found that there was cast at said election 479 votes for the adoption of the Charter and 341 votes against the adoption of the Charter; and the Commission thereupon by resolution duly entered declared that the Charter so submitted was adopted by majority vote of the qualified voters of said City voting at said election; and

WHEREAS, the Charter adopted provided that there should be elected two additional members of the City Commission to hold office until the first Tuesday in April, 1926, or until their successors have been duly elected and qualified.

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA:

Section 1: That an election shall be held in the City of Mexia, Texas, on the 12th day of August, 1924, for the purpose of electing two additional members of the City Commission.

Section 2: That the polling place and presiding officers of said election shall be respectively as follows: The polling place shall be at the City Hall in the City of Mexia, Texas, and T. B. Chatham is hereby designated as presiding officer.

Section 3: That an election shall be held under the provisions of Section 4, Article XVII of the Charter of the City of Mexia, Texas.

Section 4: All persons desiring to become candidates for members of the City Commission shall file their names with the City Secretary of the City of Mexia, Texas, not later than the 8th day of August, 1924, at 5 o'clock p. m. and the names so filed shall be printed on said ballot as candidates to be voted upon at said election.

Section 5: A copy of this ordinance shall be sufficient notice of said election and ten (10) days notice of the time and place of holding said election shall be given by posting certified copies thereof at the place designated for holding said election, at least ten (10) days prior to the holding of said election, and by publication of said notice not less than ten (10) full days from day of the election.

election.

Section 6: The fact that the Charter of the City of Mexia provides that there shall be five (5) members of the City Commission and that there are now only three creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day, and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage, approval and publication.

Passed and approved this the 14th day of July, 1924.

E. WATSON, Mayor.

Attest: R. D. Morgan, City Secretary

AN ORDINANCE

Be It Ordained by the City Commission of the City of Mexia, Texas:

Article 1: It shall be unlawful for any dog, either male or female, to run at large within the limits of the City of Mexia, Texas, unless wearing a license tag as hereinabove provided. Any dog found within the limits of the City of Mexia, unless confined in an enclosure, or is wearing a license tag as hereinafter provided whether accompanied by owner or alone, shall be killed without further notice to the owner.

Article 2: On and after the adoption of this ordinance it shall be unlawful for the City of Mexia, Texas, to issue a dog license tag to any owner or keeper of a dog within the limits of said City unless the application for said license is accompanied by a certificate of vaccination against rabies, signed by a recognized veterinarian, or some one else so authorized, setting forth that the dog for which the license is issued has been vaccinated against rabies within twelve months prior to the time of making the application.

Article 3: A license issued by said city under conditions set forth in Article Two (2) of this ordinance and properly attached to a collar and worn continuously by the dog for which it was issued will remove all restrictions regarding confinement as set forth in Section One (1) of this ordinance.

Article 4: After the passage and publication of this ordinance it shall be the duty of the Chief of Police and of each Policeman of said City to kill every dog which is not wearing a license tag unless said dog is confined in an enclosure.

Article 5: All Ordinances in conflict with this ordinance are hereby repealed.

Article 6: The fact that there is no ordinance regulating the licensing and vaccination of dogs creates an imperative public necessity that the rules requiring ordinances to be read on more than one day be and the same is hereby suspended and that this ordinance take effect from and after its passage, approval and publication, and it is so ordained.

Passed and approved as an emergency measure this the 12th day of July, 1924.

E. WATSON,
Mayor of the City of Mexia, Texas.

PLANS COMPLETED FOR DEMOCRATIC PRIMARY ELECTION

LONG TICKET TO BE CONSIDERED BY VOTERS OF THE COUNTY

Before the arrival of next Saturday morning, the election supplies will have been distributed among thirty odd voting precincts in Limestone county, for the primary election, the date of which has been set for July 26.

This work has received and is being given the attention of the County Chairman, Mr. Allen, the Secretary Fletcher Adair and other members of the Executive committee.

By reason of the fact that all candidates for office, from United States Senator to Constable, appear on the ballot this year an unusually large vote is expected this year. There are approximately 8,000 qualified voters in Limestone county, including the exemptions, and it is believed that the greater portion of these will vote in the July primary.

Many candidates for county and district office look upon the Mexia end of Limestone county as the political battle field of the year. They are, therefore, exerting all their influence to secure a large vote in the boxes in this section. This will no doubt result in the greatest vote in history being recorded here, at Tehuacana, Shiloh, Forest Glade, Coolidge, Prairie Hill, Datura and at many other boxes.

The County Judg's race is probably the most interesting. F. H. Kirby is offering for re-election. He is opposed on the ticket by Johnson Wakefield of Groesbeck and B. W. Miles of Coolidge.

The ticket being unusually lengthy, considerable time will be required to tabulate the returns.

The second run off primary will be held on August 23, this being for the two highest candidates in the races where there is opposition.

In accordance with notices given out from the office of County Clerk, J. L. Day, absentee voting has been provided for and there will likely be quite a number of votes cast in accordance with the law governing such matters. Those who will be away on election day may see Deputy Allen Gillespie at the Frendergast-Smith National Bank and secure ballots and leave there with him.

The Mexia ballot is as follows:

WHOLE FAMILY ENDORSE TANLAC AS BEST TONIC

"Tanlac has been our constant friend for years, and my wife and myself and eight children are all enjoying wonderful health, largely due to this medicine," is the remarkable statement of Harry H. Pistole, 310 Archer St., Waco, Texas.

"In my own case Tanlac has done what seemed to be impossible. When I began taking it my stomach was in such a bad fix that I had to live on a milk and egg diet and I was almost a skeleton. I had been flat of my back in bed and under treatment for 18 months and felt that my time was about up.

"After my case had been given up as hopeless and I thought I was beyond redemption a relative put me on to Tanlac, and the result is, I gained 20 pounds, and enjoy as good health as anybody could wish.

"My wife was all broken down in health. But now she weighs 155 pounds, and is strong and well and I am giving Tanlac credit for it. We give Tanlac to the children to tone them up and make them grow, and nobody ever had a healthier set of children than we have.

"Tanlac is certainly the greatest medicine on earth for anyone whose life is wrecked by bad health. We sure do have a great deal to praise Tanlac for at my house."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 millions bottles sold.

Tanlac Vegetable Pills for constipation; made and recommended by the manufacturers of Tanlac.—(Adv.)

Senator Witt—Paid Railroad Attorney—Votes to Give Special Privileges to Railroads to Remove Shops and Terminals from Mart, Waco and Elsewhere without Compensating for Losses.

Attention Voters:

Do you know that Senator Witt voted against the passage of Senate Bill No. 143, submitted at the 38th Legislature last year which provided "AGAINST THE REMOVAL OR CHANGE IN THE LOCATION OF GENERAL OFFICES, MACHINE SHOPS, OR ROUND HOUSES OF ANY RAILROAD IN THE STATE OF TEXAS WITHOUT COMPENSATING PARTIES FOR DAMAGES SUSTAINED BY SUCH REMOVAL." See page 738 Senate Journal. This ball was lost by one vote—15 against and 14 for—and Senator Witt was one of the 15 Senators that voted to kill the bill and by his vote the bill was killed. My friends, he is now serving his second term of four years and if reelected and this or other similar bill is again presented he will probably vote as he did before. This would give the railroads the privilege of removing shops and terminals from Mart and Waco, if the railroads so desired, without compensation to either city.

You know what it would mean to Waco and Mart if the railroads would remove their shops, round houses and terminals. Why, it would be the ruin of Mart and a staggering blow to Waco. Will you return to public office a servant who votes against the rights of his own people and declares for special privileges to railroad interests?

I have no "axe to grind." I represent no railroad corporation, directly or indirectly, and can therefore give you and the state the FULL MEASURE OF SERVICE. At least I pledge myself, if elected, to undertake to protect the interest of all the people of my district in all matters coming before the senate.

Yours truly,
HARRY P. JORDAN.

At a meeting of the Board of Directors of the Waco Labor Temple Association, the following resolutions were adopted:

Whereas, When organized labor decided to erect a labor temple in Waco, a building committee was created, with authority to work out the details and submit same to those who might become shareholders therein for their approval. In performing this duty, the committee frequently needed legal counsel and assistance, and such service was volunteered by a prominent member of the Waco Bar, as a friend of the cause, and without compensation. Therefore, be it

Resolved, by the Directors of Waco Labor Temple Association, that we tender to Harry P. Jordan our assurance of hearty appreciation for his invaluable legal services in perfecting our organization.

Resolved further, that a copy of this resolution be spread on the minutes of the association, a copy sent to Mr. Jordan and a copy furnished the Farm and Labor Journal.

TUITION FEE CREATES CLASS EDUCATION SAYS PRESIDENT W. B. BIZZELL

COLLEGE STATION, Texas, July 21.—The charging of a tuition fee at the institutions of higher learning would mean the creation of class education or an aristocracy of learning in Texas, President W. B. Bizzell of the A. & M. College of Texas said in discussing such a proposal now being made publicly. "That would mean that eventually we would be facing the same situation that we have in England today with a strong socialistic party fighting to abrogate the right of private property," he added. "We must educate all our people or there will arise a class that will take by force what is denied them by equal opportunity."

JUDGE A. M. BLACKMON
for the
77TH JUDICIAL DISTRICT
"Your Judge—and Ours."

The undersgned committee, reflecting the unanimous sentiment of his home people, take this method of soliciting your support for our friends and neighbor, Judge A. M. Blackmon. We know him, and we vouch for him.

Everyone agrees that Judge Blackmon has made an ideal judge. He has the ability, is always fair, and is by temperament peculiarly qualified for the position he now occupies. He has taken rank among the truly great judges of this State, and is so recognized by the members of the bar everywhere. With such a record can the people of this district afford to dispense with his services at this time? He is your judge, and ours. We have tried him, and know that he measures up to all the requirements of a real judge—why should we change? Vote your best judgement on July 26th—for the man who can best serve you.
